

# CHARGED WITH MURDER OF SHOPPER GIRL

## TAX INJUSTICE TO JANESVILLE REVEALED BY COMMISSION HEARING

### BIG BELOIT PLANT ASSESSED AT 50 PCT., SAY EXPERTS

GROSS INJUSTICE TO JANESVILLE SHOWN AT TAX HEARING  
SAMSON IS HIGH  
Tractor Plant Assessed Almost Full Value—Compromise Submitted.

Through compromise and adjustment the tax situation in Rock county may be solved by the adoption of the supervisors' recommendation to the Wisconsin tax commission—but the crux of the whole issue became public during the hearing Thursday afternoon in the court house. By splitting the \$19,997.70 half in Janesville and Beloit, and the other half among the remaining tax units, a re-assessment may be avoided.

### THE TAX COMPROMISE

The difference between the taxes under the assessment schedule adopted by the county board and what would have been the taxes, based on the report of Supervisor E. A. Taylor, were adopted amounts to \$19,997.70.

### Women of Western Hemisphere Are to Meet and Discuss Problems at Baltimore

Left to right, above: Mrs. Carmela Nieto de Herrera of Cuba, Mrs. Milagros Benet de Mevor of Porto Rico, Senora Arcadia Zales of Bolivia. Below: Mrs. Tomas Le Bretton of Argentina and Senora Amalia E. Mallen de Ostolaza of Cuba.

Women from all Americas will meet at Baltimore in a convention called by the League of Women Voters and discuss problems which confront them in Latin and South America in Canada and the United States. It will be the first convention ever held of Pan-American women. Janesville will be represented by Mrs. O. D. Bates in the convention.

### STORMY EASTER IN BELFAST IS SEEN AFTER AMBUSH

CONSTABLE PATROL IS ATTACKED BY HOT GUNFIRE  
OTHER SHOOTINGS  
Crumlin Road Scene of Fatal Warfare in North State Capital.

Belfast. — A stormy Easter Sunday in Belfast, Ireland, was marked by a series of attacks on the constabulary. The first attack was on a patrol of special constables in Joy street last night. The constables were making their rounds after the curfew hour when a burst of heavy firing from windows and roofs wounded four of the officers. The scene of the attack is in the Sinn Féin section.

### 4 Changes in Police Beats

Several important changes in police beats are announced by Chief Charles Newman, effective Saturday, with the return to duty of Patrolman William Saxby after a 10-day suspension for drinking on the morning after election day.

### One Dead When Oil Stills Burn

Whiting, Ind. — One man was killed, three were injured and a battery of 10 oil stills and a Standard Oil company burned, when an explosion in a single still started a fire early Friday, which for several hours was beyond control.

### 500 Driven from Homes by Flood at Beardstown; LaCrosse, Winona Swamped

Beardstown, Ill. — Wading about in rubber boots or by boat, the 500 inhabitants of this flooded town went about their business Friday. More than 500 persons have been made homeless. The food situation is good. Inventories were started Friday of the stocks of supplies in stores and the only danger now would be about the suspension of railroad service into the city. Grocers Friday did business in two feet of water.

### MISSISSIPPI RIVER IS RISING AT LACROSSE

Lacrosse, Minn. — Floods on the Mississippi river passed 13 foot mark Friday and the rise will continue for several days. It is expected the flood will be as high as that of two years ago, when the gauge registered 24.2. Water two feet deep over the railroad tracks of the wholesale district on the levee. The bridge spanning the river at Lacrosse, Minn., is still safe for traffic, although guards are watching for washouts.

### BACK-UP OF WATER AT WINONA MENACE

Winona, Minn. — Flooding of Lake Winona and eventually the south side of this city by water backing up from the Mississippi river loomed as a serious menace Friday, according to city Engineer Chadwick. The lake is cut off from the areca, which holds back a head of water of almost six feet. Water seeping under ground, through the wings of a stone arch bridge in the ditch, has worn a channel, which is permitting water from the river to flow into the lake, although the gates are still holding. The river reached a stage of 15 feet here Friday, one foot below flood stage, and was still rising.

### EXPECT FLOOD PEAK AT PORTAGE IN NIGHT

Madison — The weather bureau here reported Friday that the Wisconsin river was falling rapidly at Portage, but will continue to rise at Portage until sometime Friday night when it will reach its maximum of 15 1/2 feet. At this point, it will begin falling Saturday.

### COX IN CONTEST FOR LEADERSHIP OF DEMOCRATS

TRYING TO MAKE LEAGUE OF NATIONS ISSUE FOR 1924  
QUESTION WISDOM  
President Harding Advocates Program of Association with Nations.

By DAVID LAWRENCE.  
Washington. — Senator Governor Cox of Ohio has started something of a commotion in the political world. Democrats as well as Republicans may differ as to whether or not the ultimate effect of his attempt to revive the league of nations as an issue before the American people, but his readiness to champion a question of international co-operation is interesting.

Those who know James M. Cox and his record in Ohio may be surprised to find that many a man would have been discouraged after a setback such as he sustained after his first term as governor, but he stuck to his guns and was elected governor for two terms thereafter. Anyone who has believed Mr. Cox is out of the running and is not to be reckoned with found out differently this week when the former standard bearer of the party entered where others had tried to tread and boldly announced his faith in the league of nations issue.

Those who know James M. Cox and his record in Ohio may be surprised to find that many a man would have been discouraged after a setback such as he sustained after his first term as governor, but he stuck to his guns and was elected governor for two terms thereafter. Anyone who has believed Mr. Cox is out of the running and is not to be reckoned with found out differently this week when the former standard bearer of the party entered where others had tried to tread and boldly announced his faith in the league of nations issue.

### WIDOW OF SLAIN DOCTOR SUICIDE

Mrs. Anna Glickstein Jumps to Death; Third Fatality in Case.

New York. — Mrs. Anna Glickstein, widow of Dr. Abraham Glickstein, Brooklyn physician, who was shot and killed in his office last December by Mrs. Lillian Raizen, ended her life Friday by leaping from the third floor of her mother's home. This was the third death to result from the shooting of the doctor's mother having dropped dead at his funeral.

### IN TO-DAY'S NEWS

Gov. E. F. Edwards, New Jersey, is candidate for democratic nomination for senator in September primaries.

### Rules for Kiwanis Easter Egg Hunt

Saturday, April 15

1. The hunt is for all boys and girls of the grade schools, public and parochial.  
2. All children (except first grade and kindergarten children) must be accompanied by a parent or guardian to the City hall between 12 and 2:30 p. m. and then march to Court House park.

### IMMENSE CONDOR IS SHOT AFTER FLYING AWAY WITH INFANT

Genoa. — A Swiss peasant's baby by a huge bird, identified as a condor, is chronicled by the Oberlander Volks Zeitung.  
The mother, while weeding her garden on the slopes of the high Hasli-Berg mountains, left the child sitting on a blanket on the grass. Her husband, seeing the condor swoop down and lift the infant into the air, ran for his army rifle and shot the bird, which fell so slowly that the youngster was only slightly injured.

### Ask County Board for Investigation of Sheriff's Office

### NOTED TENOR IS PAST CRISIS OF THROAT MALADY

New York. — John McCormack, noted tenor, who was stricken with an affection of the throat here last Saturday and whose illness became alarming on Wednesday was declared Friday to have passed the crisis, but he will not be able to sing for several months.

John McCormack, photographed on his arrival in New York.

### ENGLAND, ITALY IN MOVE TO AID RUSS

"Big Four" Dispute Waged Over Economic Stand Toward Soviet.

Genoa. — Divergence of opinion over Russia is reported to have developed at the meeting Friday of the economic conference of the "Big Four" for discussion of the Russian problem. The participants were Premier Lloyd George of Great Britain; Vice Premier Barthou of France; Foreign Minister Schuler of Italy; and Foreign Minister Jaspard of Belgium.

### Robbery of Big Payroll Foiled; Bandit Nabbed

Granite City, Ill. — Vigilance of police and postoffice inspectors Friday foiled a \$50,000 payroll robbery and resulted in the arrest of a lone bandit, who attempted to rob the driver of an automobile truck carrying the money.

### Spanish Repel Tribesmen in Sharp Battle

Tetouan, Morocco. — An assault on the Spanish positions at Miskrellia was repulsed by the Spanish garrison, which defended the block houses successfully until the arrival of Moroccan reinforcements, who then drove the attackers off 61 dead on the field. The Moroccans now are bombarding Miskrellia and the Spanish artillery is replying.

### KNEESKERN TRIAL FOR DUAL SLAYING OF VAN BROCKLINS

CIRCUMSTANTIAL EVIDENCE ALONE DEPENDED ON IN CASE.  
LAST ON THE SCENE  
Held Off Visitors With Shotgun and First to Give the News.

Decatur, Ga. — The case of the state against B. F. Kneeskern is based entirely on circumstantial evidence, was revealed Friday by the prosecution. Kneeskern, a wealthy cattle man, is on trial for the murder of Mrs. Irene Van Brocklin, who, with her husband, Charles, was shot to death in her home near Franklinville, last December.

This is the first murder trial in the county in 17 years, and the court house as well as the court room is packed at every session. Kneeskern appears in court with his father, who charges that the murder charge lodged against his son is without any foundation and the entire case is a "frameup."

### Safeblower Gang Bared

New York. — Story of a gang of safeblowers working for the aid of a girl stenographer used as a scout, Friday was obtained by detectives investigating Thursday night's raid on the Royal Insurance company, which was a severely cut and had sustained losses of \$75,000 in cash and securities.

### BRAKEMAN HURT IN UNLOADING FREIGHT

Ortonville, Mo. — Joseph E. S. S. breaking down the Milwaukee road, was seriously injured Thursday while unloading heavy freight. He was caught between the platform and the freight he was unloading, and sustained bruises about the body. He was attended by a local physician and accompanied the train to Mineral Point.

### BANDITS GET BIG HAUL OF JEWELS

Cleveland. — Diamonds valued at \$50,000 were taken from the office of Max Kurian company, jewelers, in a downtown office building Friday morning by three bandits, one masked, who entered the store with drawn revolvers, drove David Glimp, office manager, and a friend into the safe, seized the diamonds and escaped.

### HOSPITAL AID FOR EX-SOLDIERS VOTED

Washington. — The bill authorizing an additional appropriation of \$15,000 for hospital facilities for disabled former service men, was passed unanimously Friday by the senate and goes to President Harding for final approval.

### EASTER-FOODSTUFFS AT A SAVING IN PRICE

The tables are usually well laden at Easter time after the long Lenten fast. Today, however, information which will aid you in your Easter foodstuff shopping. Read the food ads on these pages now.

### THE WEATHER IN WISCONSIN

Somewhat unsettled Friday night and Saturday; warmer in west portion Saturday.

# Walworth County

## WHITEWATER

Whitewater—James Burns, the newly appointed State Service Officer of the American Legion, was at the Normal school a few days ago to confer with all ex-service men who have finished school. Mr. Fitzgerald and Mr. Murphy, representatives of the United States Veterans Bureau, were at the Normal school recently to interview the Federal Board men. They have charge of "placement training" or getting a job for the disabled soldier when they have finished school. The Woman's Home Missionary society will hold a Lenten service on Good Friday at 3 p. m. at the home of Mrs. W. E. Calkins on Center street. On Tuesday evening at a regular meeting of the Commercial club, Mr. Lambert of the First Wisconsin National bank, one of the 25 largest banks in the country, gave a talk on bank organization. Miss Grace Kildow is home from Evanston for the Easter vacation. Mrs. George Dennis returned from Eagle Lake, Wis., where she had been visiting. Miss Francis Dunn and Mrs. Charles Kading spent Wednesday in Milwaukee. Mrs. E. M. Moly and daughter Edith spent Tuesday with friends in the country. Mrs. Mary McDougall is visiting friends in Milwaukee. Mrs. Jessie Smith of Milwaukee came Tuesday and is visiting her daughter, Mrs. Doris Kading and family. Mrs. A. Young of Algona, Wis., came Wednesday to visit her son, V. Kwapil and son.

## ELKHORN

Elkhorn—Formation of an Elkhorn Kiwanis club was put under way at a meeting Wednesday when J. W. Page, was elected temporary president of the organization. L. M. Thomas, vice president and Charles Jahr, secretary-treasurer. This group will work with Elkhorn more, field man of the Kiwanis club in completing the organization. Fred Voss and Henry Brandt were tied for alderman in the first ward at the recent election. The council has determined the matter by lot and Voss is the winner, and therefore succeeds himself on the council. Milo Cobb has purchased the Ed Elkhorn residence and furnishings. Gazette Branch office at Elkhorn. Subscriptions and advertising to WEYMAN MORRISSEY, 214 Jefferson St.

on North Church street and takes immediate possession. Mrs. Elkhorn expects to soon leave for California. The question of who were elected trustees in the village of Williams Bay will be determined by a recount of the votes cast at the spring election. The village board will come to Elkhorn some time this week for the purpose of examining and checking the ballots. The town of Delavan assessed the whole of the Delavan Lake Assembly grounds. The Assembly officers believe that they are entitled to a 20-acre exemption from the tax. The proceedings started in the county court by E. L. von Saesmilch and C. J. Sumner, attorneys for the Assembly.

## RADIO SERVICE TO SHIPPERS AND FLIERS IS PLANNED

Chicago—Enlargement of the territory covered by the government weather bureau and use of radio to protect shippers and aviators in all parts of the country, was announced Thursday by Henry Cox, in charge of the bureau. The bureau will add Michigan and Indiana to the 11 states it now covers and also will cover all of the Great Lakes. Twice a day at the Great Lakes naval training station, the reports from 28 weather stations in the country and Canada will be received and broadcast. It is believed this service will serve as a protection to aviators and shippers. The broadcasting will be at 11 a. m. and 12:30 p. m. Mr. B. Calvert, chief of the forecast division of the Washington, here in connection with the reorganization of the Chicago bureau, said the use of radio will revolutionize the work of weather forecasting. In March, 1922, there were 64,000 radio outlets used in this country, he said. "In March, this year, there were 600,000 and they are increasing at the rate of 100,000 per month. Within the next two years I think that we will be able to talk to the North Pole. Captain Amundson, the explorer, will use an outfit on his contemplated expedition and will communicate with the weather department."

## CHICAGO GOLFERS TO PLAY BADGERS

Chicago—College golf has made such strides in the state that not only will the Big Ten hold a tournament, June 19 in Chicago, but the University of Chicago has announced a complete schedule of intercollegiate contests. The program follows: University of Wisconsin at Madison, May 13. University of Michigan at Chicago, May 19. Northwestern University at Chicago, May 6. University of Illinois at Urbana, May 20. Ohio State University at Columbus, June 5. Purdue University at Chicago, June 8. The University of Illinois and Purdue have golf links of their own and other schools are arranging for courses.

## FILLED MILK CASE SATURDAY

Madison—The statute enacted by the 1921 legislature, prohibiting the manufacture or sale of filled-milk in Wisconsin, will come before the supreme court for determination as to its constitutionality Saturday when the case of the Carnation Milk company against the state is called for argument.

## ROLLER SKATING

TUESDAY, FRIDAY, SATURDAY AND SUNDAY. Matinee 2:00 to 5:00. Nights 7:30 to 10:30. A BIG PARTY EVERY SUNDAY NIGHT WITH BAND. COLISEUM ROLLER RINK, 61 S. River St.

# CATLIN OUT FOR ATTORNEY GENERAL

## Assembly Leader Candidate Subject to Committee of 44

Madison—Assemblyman Mark Catlin, Appleton, Friday announced his candidacy for attorney general on the republican ticket in the September general election primaries, subject to acceptance by the convention of the Committee of 44 in Milwaukee, June 1.

Coming directly after the announcement of Attorney General William J. Morgan, that he would be a candidate for governor if accepted by the committee of 44, the decision of Assemblyman Catlin means the opposition ticket to the La Follette slate, already named, is taking definite shape.

Mr. Catlin, during the 1921 session of the legislature, was the opposition leader of the lower house, acting as spokesman on most important controversial subjects. He led the opposition to the governor in the assembly during the special session in March. His candidacy for attorney general has been anticipated for some time, since it was known that Attorney General Morgan would not seek re-election.

Noted as an athlete. For the last 12 years Mr. Catlin has been a practicing attorney at Appleton, serving as district attorney of Outagamie county from 1914 to 1918. In 1920 he was elected president of the Wisconsin Game Protective association, and is known as the leading sportsman of the state.

While a student at the University of Chicago, Catlin was for two years on Walter Camp's All-American football eleven. He represented Chicago at the Olympic games at St. Louis in 1904, when he was individual point winner. He was a successful football coach at Lawrence college for several years after going to Appleton.

As one of the originators of the Committee of 44, Assemblyman Catlin announces that his candidacy is dependent on the endorsement of the convention of this organization, which will oppose the La Follette candidates.

Summerville May Run. Assemblyman David Summerville, Ladysmith, is expected to make formal announcement of his candidacy for secretary of state on the republican ticket, subject to acceptance by the Committee of 44. He was one of the opposition leaders in the lower house during the last session and is an active farmer, who has been instrumental in securing marketing reforms. He served from 1917 to 1920 as a member of the Rusk county board and has been president of the district school board since its establishment.

# CITY ORGANIZED FOR NEW AID PLAN

## Committee Named to Handle Civilian Relief Cases Here

Civilian rehabilitation with vocational training for all disabled in any way, is being organized, in the state, and disabled citizens of Janesville will receive the benefit with a local committee already organized.

Miss Mable Roach, of the State Board of Vocational Education, has completed organization of the committee here, securing Supt. J. M. Durans, Rotary club, as executive secretary; P. L. Smith, Chamber of Commerce; Rev. Henry Willmann, Associated Charities; Miss Alice Glenn, Red Cross; Leroy D. Horn, labor; Mrs. P. E. Clark, Federation of Women's Clubs; and Dr. T. J. Snodgrass, Kiwanis club.

Ad Accident Victim. This committee will search for cases eligible for state aid. Those hurt when

# J.M. BOSTWICK & SONS.

## THE FINISHED PRODUCT

In the desire to get through with the job at hand, it is a constant temptation to produce a job that will merely "get by." The unfinished business of life perhaps represents as much waste as the sins of commission. The epigram of the great painter, Whistler, "Finished work shows no trace of work" holds good with every form of human activity.

There is no joy so divine, no satisfaction so supreme, as that which comes from creating a finished product—whether a poem, a gown, a cathedral, a business system—something complete and irreproachable.

Perfection has a relative meaning, of course. But the human definition is always attainable.

# DOUGLAS FAIRBANKS

# "THE THREE MUSKETEERS"

Adaption, Costuming, Research under Edward Knoblock

Direction under Fred Niblo

Photography under Arthur Edson

With nothing that has ever been done in the vast multitude of films given to the world, can you fairly compare this supreme picturization of a story that has made millions of men and women in every country, on the face of the earth, laugh and sob with unforgettable emotion. And Douglas Fairbanks as the noble D'Artagnan has caught, with rare feeling, that indescribable something that enables him truly to live the part.

"ALL FOR ONE, ONE FOR ALL"

"The Three Musketeers" is a very lengthy production which requires to screen it properly, 2 hours and 35 minutes. In other words, it is 11 reels, therefore, we have to change our schedule as follows: Matinees, 2 p. m.; Even., 6:45 and 9:20 p. m.; prices: Mat. Children, 25c; Adults, 40c. Even., Children, 25c; Adults, 55c.

A children's Matinee will be arranged in this manner. The picture will be divided in two; that is, on Monday at 4:30 p. m., 5 reels will be shown, which there will be no admission charged. On Tuesday, at the same time, the balance of the picture will be shown at 15c admission. A balloon will be given to all the children attending the picture, on Tuesday.

TICKETS WILL NOT BE RESERVED FOR THIS PICTURE BUT BLOCKS OF TEN CAN BE ARRANGED FOR.

### WINS DIVORCE BECAUSE HUBBY WAS PRO-GERMAN

Accusing her husband of having been pro-German during the war, Olive Schroeder, Milton, obtained a divorce from her husband, John W. Schroeder, farmer, residing in Beloit. The case was contested before Judge George Grimm in the Rock county circuit court Wednesday. The couple have two children, the custody of whom was awarded to the wife.

"When the boys were in France, I would ask my husband not to use three spoons of sugar in his coffee," Mrs. Schroeder testified. "I urged him to be careful, for the soldiers needed the supplies. He argued me and then started making four spoons of sugar."

The wife also alleged her husband expressed a statement, "he hoped the Germans would sink the troop ships."

There was other evidence bearing out the charges of cruel and inhuman treatment and the divorce was granted.

Choice Pot Roast, lb., .15c

Lamb Chops, lb., .25c

Lamb Roast, lb., .25c

Beans, 2 cans 25c, and full to the brim.

"Stoppenbach's Bacon"—Gorgeous as to quality—looking better than ever—you'd better buy some this week or you'll miss a lot of joy of this Spring 1922, as far as Bacon is concerned.

The husband denied the charges of cruelty, but no mention was made of the testimony of his attitude during the war.

Mary Schenisch, Watertown, former resident in the county, was granted a divorce from her husband, Michael Schenisch, on the grounds of non-support.

Earl Pifer, Beloit, was divorced from his wife, Nellie Pifer, for desertion.

Emma W. Whiting, Janesville, was divorced from G. H. Whiting on the complaint of cruelty.

### 5 LOCAL PEOPLE HEIRS TO CROAKE

Five Janesville people are heirs-at-law of John Croake, of Albany, who died recently at Mercy hospital here. He died intestate and order for hearing of petition for administration filed on April 3, will be heard on the first Tuesday in May by John L. Schron, county judge of Green county.

Janesville people who are heirs-at-law—there are 10 in all—are as follows: Mrs. Patrick (Mary) Broderick, Oakland avenue, a sister; Mrs. John (Alice) Whalen, North Pearl street, a sister; William J. Croake, brother, Mineral Point avenue; and James E.

and Emma, Varsity Clothing company, nephew and niece.

Other heirs are Richard, James and Michael Croake, brothers, Albany; Elizabeth A. Croake, postmistress of Albany, and a niece; and Margaret Croake Sherman, niece, Tacoma, Wash.

### MASONS TO PARADE TO EDGERTON SUNDAY

One hundred Masons representing the Janesville Commandery are expected to attend Easter services Sunday afternoon in Edgerton. Members are asked to meet at 1:20 p. m. at the Masonic Temple to form an automobile parade.

### THREE MUSKETEERS COMING ON SCREEN

Janesville will be treated to a film masterpiece Monday, Tuesday, Wednesday and Thursday, when "The Three Musketeers" will be shown at the Apollo, Douglas Fairbanks starring. Manager James Zenias has planned the schedule so two performances will

be given each night, and children will have an opportunity to see the picture.

Sunday, at 4:30, the first five reels of the picture will be shown free to all children of the city. Tuesday at the same time, the remainder will be shown for a small admission.

## Evansville

Mrs. L. F. Miller, Phone 266-3.  
Correspondent.

Evansville—Lyle Blakely, son of  
Mr. and Mrs. William Blakely, Evans-  
ville, and Miss Alpha Winters, Kan-  
sas City, will be married Sunday at  
the home of the bride's parents, ac-  
cording to cards received here.  
Relatives here have received an-  
nouncements of the coming marriage  
of Miss Hazel Hatfield, formerly of  
Madison and now of Los Angeles, and  
Ray Clifford, formerly of Madison.  
The ceremony will take place Easter  
Sunday at the home of the bride's  
parents, Mr. and Mrs. Fred Hatfield,  
who will attend the couple in celebra-  
tion of their own 27th wedding an-  
niversary. Mr. and Mrs. Clifford  
will live in Los Angeles, where the  
bridegroom is a druggist.  
Miss Eleanor Andrews is expected  
home Saturday from Springfield, O.,  
where she spent the winter at the  
home of her sister.  
E. E. Green and son shipped two  
carloads of cattle Friday, one to Nor-  
folk, Va., and the other to Sioux  
Falls, S. D.  
Miss Dorothy Richmond is visiting  
in Janesville.

Marvin Flynn, Janesville, is visit-  
ing his aunt, Mrs. William Meggott,  
at the Commercial house.  
Seth Cain, Marquette university, is  
spending the week at home.  
William Gillies and sister, Mrs.  
Margaret Gillies returned home Wed-  
nesday from California, where they  
spent the winter.  
Charles Goehl and son, Clifford,  
visited the former's brother, Peter  
Goehl, at Mercy hospital, Janesville,  
Thursday.  
Miss Lora Emerson, trained nurse  
who has been caring for Lewis Devin

# The Guarded Heights

By WADSWORTH CAMP

Copyright 1932.

WHAT HAS GONE BEFORE. George Mason goes to work at the home of Planter, a rich man, when his father loses all his property—a liver business. George becomes a horse trainer and as a part of the job goes to Princeton. He falls in love with her, she is driven from the place and seeks an education, goes to Princeton, meets a tutor, gets a place on the football team and aids his college to win from Harvard. Betty Allison is very kind to George, who at her home meets her friend, Sylvia, who is a barrister. George gets a job with a brokerage office, makes a success, and is college secure a high social position. But Sylvia still flouts him, showing preference for a classmate who proves to be a scoundrel. Dairymple, George goes to war. On his return he enters into business, finds Dairymple is a crook. He and Lambert are shocked to discover that Dairymple has been married to Sylvia one morning. That afternoon George and Sylvia are in a moment of contrition he takes her in his arms to be discovered by Dairymple. In a moment of pride, he is driven from the house and makes threats. Sylvia and George flee to Princeton.

(Continued from Yesterday.)

"I think I do, Driggs, and thanks." "Then," Wadsworth said, brightly, "you'll come and dine with me." "I will, I will. Where shall we go? Not to the club?" "If any one club wouldn't be pleasant for you this evening," Wadsworth said, quietly. George caught his breath. "Why not?" "But, Wadsworth wouldn't satisfy him until they were away from the club. He had seated at a wall table sufficiently far from people to make quiet tones safe. "It's too bad," he said then, "that great men won't talk warnings." "I caught your warning," George answered, "and I acted on it as far as I could. I couldn't dream, knowing her, of a runaway marriage, and I'll guarantee you didn't either." "I once pointed out to you," Wadsworth objected, "that she was the impulsive sort who would fly to some man—only I fancied then it would ultimately be you." "Why, Driggs?" "Wadsworth put his hand on George's knee.

## Dinner Stories

Little Mabel, aged four, had been warned by her mother not to play in the road, which was extremely muddy. Several times Mabel disobeyed and had to be brought in and cleaned up. At last, exasperated, her mother exclaimed: "Mabel, I'll give you one more chance. If you play in the road again I shall have to tell you to bed." The child went out to play again, but in a short time appeared at the door, wet and bedraggled. "Well, mother," she remarked in a tone of cheerful resignation, "I've used up my last chance!"

A clergyman who was a widower had three grown-up daughters. Having occasion to go away for a few weeks he wrote home from time to time. In one of his letters he informed them that he had married a widow with six children. This created a stir in the house. When the minister returned home one of the daughters, her eyes red with weeping, said: "Where's the widow you married, father?" "Oh, I married her to another man. I thought I have told you that," said the minister.

The late Edgar Saltus was sometimes prevailed on by New York editors to write dramatic criticisms. His criticisms were always severe and amusing. Mr. Saltus one evening went to criticize a very popular actor in "Hamlet." He did not like the actor, and his criticism consisted of the words: "Mr. Blank played 'Hamlet' last night at the Lyric. He played it from 8:15 till 11:40."

## BEAUTY CHATS by Edna Kent Forbes

Bathing only becomes a luxury when the bath can be taken in a large tub well filled with water that is soothingly warm or refreshingly cold, or when there are all sorts of patent devices in the way of showers or nozzle sprays. Then to make the bath most luxurious it should be followed by a cold rinse, preferably with salt water, which is stimulating to the skin and excellent for the nervous system and the general health. This should be followed by a vigorous rubbing down with a coarse towel.

If wish everyone would realize that the best bath towel in the world is a medium sized unbleached Turkish towel. This is almost too stiff and rough the first few times, but after a couple of launderings it will be perfect. Incidentally, these unbleached towels wear just three or four times as long. If you use one of these with moderate vigor you will rub your skin into a rosy glow which will make you feel you had never been ill a day in your life. A salt water bath is one of the cheapest, easiest and most beneficial to take. Sea salt can be purchased for a few cents a pound and a couple of handfuls dissolved in the tub are all that are needed. A half pound of oatmeal in a bag put in the bath

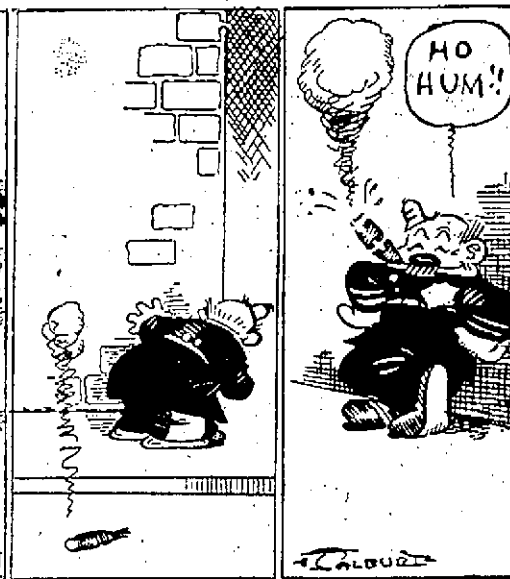

water and squeezed a bit so its milky essence becomes part of the water will make the bath softening and bleaching the skin. Toilet water or eau de cologne is delightful but somewhat expensive.

A. I. D.—No external treatment will cure this condition you allude to as "flesh worms." You should consult a good doctor as this is a blood trouble from some cause which will have to be cured before the skin is relieved.

Mrs. H. G.—Following a severe spell of sickness the hair always becomes discolored, but new hair can be cultivated with the improved condition of the health. Massage the scalp every day until it is loose from the bones. Add a tonic to these treatments about every other day. Do not feel discouraged if the hair continues to come out for all of this old hair is dead. It should drop out and make room for the new hair.

Mrs. E. E.—Instead of changing your colors in dressing change this condition. If the whites of your eyes are discolored or yellowed, it shows that your liver is torpid, or it will run into a case of jaundice. The green of vegetables at this season will help much, but a spring tonic should also be taken.

## "Tinker Bob" Stories

by Carlyle H. Holcomb

### SOMETHING WRONG IN THE FOREST

Tinker Bob was interested in Mr. Gorilla, and when he saw a dozen coming out of the forest he was more interested than ever. But something was wrong, he sensed it in the way these fellows chattered as they came bounding out of the forest. They who had come out of the forest to meet the King. He was made leader of the tribe for the "was the most powerful of them all." It was when they left Tinker Bob behind that he thought of the Seven Stones. Then he tapped the Stone of Knowledge and in a moment he was in front of the leader and what he saw was enough to make all of the creatures in the jungle angry. For he saw some creature carrying in its mouth the baby Gorilla of the tribe, and it was going as fast as it could run and carry its burden. Mr. Gorilla would have crushed this fellow to death but he could not catch him. Then it was that Tinker Bob showed his power as he had done so many times in the forest at home. He tapped another stone and the creature could not move another step. And out of his mouth dropped the baby Gorilla. What would have happened, had not the King of the Forest been on hand, it would have taken much time to tell. Enough for me to tell you now is that the Gorillas of the jungle land were so happy that they wanted to make Tinker Bob their King.

Saturday—The Truth About Mr. Panther.

## Safe Milk for INFANTS and INVALIDS

For Infants, Invalids and Growing Children | Rich milk, malted grain extract in Powder | The Original Food-Drink For All Ages | No Cooking—Nourishing—Digestible

## Kellogg's SHREDDED KRUMBLES

deliciously Flavored  
WHOLE-WHEAT

## The Spirit of Old College Days!

It's a wonderful thing for women and men to "carry age" gracefully; to retain mental keenness through physical fitness! Compare such women and men with puny, faded examples of humanity! Did you ever consider that these rugged folks came by their health largely through childhood food—food that made red blood and bone and muscle! Health was built into their systems!

Don't let your children grow up puny, undersized weaklings through eating denatured, bleached-out foods! Protect these little folks with

Kellogg's whole-wheat KRUMBLES—with the full, delicious whole-wheat flavor for the first time!

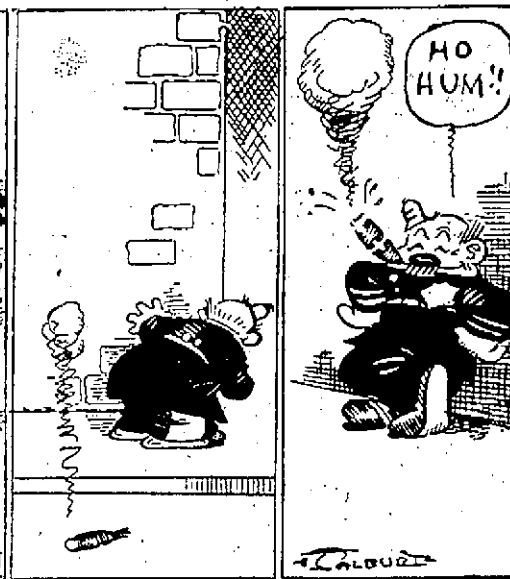

KRUMBLES will build strong bodies; KRUMBLES will make red blood and bone and muscle and rugged constitutions! Because KRUMBLES, with every atom of whole wheat, contain every food element that the human body needs!

KRUMBLES renew the strength of men and women who do the world's work! KRUMBLES provide food that sustains the aged as nothing else can! All grocers sell KRUMBLES.

The only whole-wheat food with a delicious flavor!

## THAT'S USIN' THE OLD BEAN

By H. M. TALBURT

also have vegetables and desserts in the oven at the same time, in order to make use of all the heat.

## HEART AND HOME

Dear Mrs. Thompson: I am a girl nearly 17 years old. My father does not want me to go out nights. He doesn't even want me to go to a show with a girl friend. He thinks I should stay home every night.

He will not let me go to any parties which are given at night and because of this I do not have many girl friends and the boys I know do not seem to care to speak to me.

I think a girl of my age ought to be allowed to go to a show with a

girl friend once in a while. Which of us is right?

What shall I do to get more girl and boy friends? I cry every night because of this and feel badly about it.

I can see your father's point of view. He does not like the idea of your being out nights with other young people. I believe he is right in feeling as he does, but since he denies you pleasures in that form, he should make up for it in some other way. You should be taken to movies and other places by your father himself or by older members of the family. Your friends would like to go along, too, and you could have a good time together in a better way than going alone.

Probably you are shy about speak-

ing to your boy friends and they have felt you were reluctant about speaking. Since it is your place to speak first, you should do so and I am sure the boys will respond.

You should not worry about getting boy friends, because it is their place to seek you. To make more girl friends is something entirely within your power. Probably you wait for girls to seek you and you do not make any particular effort to be friendly to them. In order to make friends you will have to take an active interest in the young people you like. Talk to them, walk with them to your home after school. Choose your friends, and do not wait to be chosen.

"Ellie": I will answer your letter. Send a stamped and addressed envelope.

# FOX SCARF TAKES TWEED SUIT OUT OF SPORTS CLASS

The tweed suit which is being heralded as the correct thing for sports and knockabout wear this spring is dressed up here with a street hat and fox scarf. The addition of two such accessories as these is enough to make the tweed suit acceptable in any society.

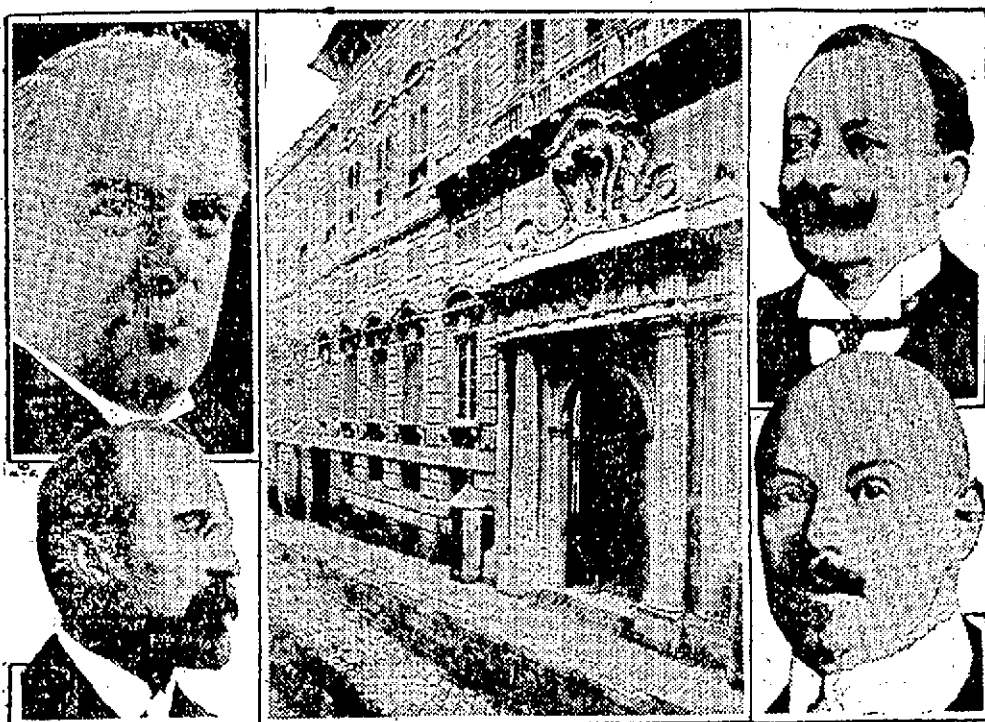

Mouse gray flannel trimmed with bands of embroidery done in colored silk is the newest idea emanating from Paris. Note the unusual collar and cuffs and the odd manner in which the trimming is applied. A broad fringed sash of the material makes the waistline of the overbust.

Cyrus H. K. Curtis, left, and George H. Lorimer, on Curtis' yacht.

When great publishers and editors get to Miami, Florida, during the winter they just browse around like ordinary folks. Cyrus H. Curtis, publisher of Philadelphia, runs his yacht down to Miami and then invites the rest of his folks to come down and enjoy the sunshine. A recent visitor was George H. Lorimer, editor of the Saturday Evening Post. Mr. Lorimer caught some fish, picked some oranges and had a great time just loafing around with his old friend, Edward W. Howe, the Kansas editor and philosopher, who spends his winters in Miami.

## EUROPE'S "BIG FOUR" AND THEIR MEETING PLACE

The magnificent Royal Palace in Genoa where European statesmen will gather for an economic conference. The "Big Four," British Premier Lloyd George, upper left; Louis Barthou, France, lower left; Luigi Facta, Italian premier, upper right; Walther Rathenau, German representative, lower right.

With the world suffering from economic and financial troubles, acute and chronic, Europe's ablest statesmen will gather in Genoa to act as surgeons and specialists in curing the ailment. Whether they cut away decayed old parts and leave room for new growth or simply administer a little dope to temporarily relieve conditions remains to be seen.

## CONCERT SINGER TALKS BY RADIO FROM ATLANTA

Alma Gluck, world famous concert singer, may soon give a concert for the radiophone fans of the country. While in Atlanta recently Miss Gluck talked to Fort McPherson and appeared much impressed by her wireless conversation.

Miss Maud West disguised as a masculine sleuth.

Miss Maud West is London's only woman detective. She is attracting attention by her success in unraveling crimes to which she is assigned.

## MADE VEIL WHICH SWAYED PARIS ARRIVES IN NEW YORK

The made veil, which continues its triumphant career in Paris, has arrived full force in New York. There is little or no demand for the round or yardage veils in Paris. The made veil in square, long panels and in boat shapes predominates. Scarf veils such as these pictured here measure two and a half yards in length and are closely covered with a bold floral design, except over the face. The new colors for spring are white, black, tete de negre, tortoise shell, taupe and gray. The hat shown in the center is a smart shape for wear with a veil.

## CHIEF IS BUSY AS IRELAND PREPARES ITS OWN DEFENSE

Richard Mulcahey, minister of defense in the Irish free state parliament, is chief of staff of the Irish army. Under the terms of the treaty with Great Britain the British troops are being withdrawn from Ireland and the new free state takes over the duties of home defense. Until the treaty was signed no one was allowed to photograph Mulcahey.

## PRETTY EASTER FROCKS DESIGNED FOR LITTLE GIRLS

Easter frocks for the little girls do not mean silks and satins as they do for her older sister. They mean lace and organdie with dainty embroideries and pretty ribbons. Here are three new spring ideas which will please the most fastidious little girl. Ruffles of lace with rosebuds and satin ribbon form the frock at the left. Embroidered organdie makes the frock at the right, while cotton crepe makes the very dainty oriental suit in the center.

## COUNSELLOR OF MASTER STATESMAN IS HIS YOUNGER DAUGHTER AND PAL

Premier Lloyd George and his daughter, Megan, in the library of their country home.

Premier Lloyd George, the canny Welsh statesman, has many advisors and counsellors, but the most trusted of these and his closest confidant is his daughter, Megan. They are inseparable pals and she occupies a position with him similar to that of confidential secretary. When political crises arise he confides in her and she advises and often—very often—the advice is acted upon.

## INITIALED HOSE ARE NEWEST FAD

Huge colored initials on dark silk hose are the newest fad to be adopted by the flapper and her older sister. It is hinted that if the wearer is single she wears one initial on one instep and the other initial on the other instep, but if she is engaged she wears both her own and her fiance's initials on her dainty hosiery.

Mrs. Margaret Sanger.

Mrs. Margaret Sanger, head of the Birth Control League, recently applied for a passport at San Francisco for Japan. The Japanese officials, acting on advice from Tokyo, informed Mrs. Sanger that she would be welcome in their country but would not be allowed to disseminate any birth control propaganda there as that would be against the Japanese laws. Baroness Kikuchi Ishimoto of the Voluntary Motherhood League of Japan invited Mrs. Sanger.

Broken Elizabeth Tamm.

Broken Elizabeth Tamm, who belongs to the Swedish Liberal party, is the first woman to be elected to the Swedish lower house. She represents Sodermanland.

## MINERS AND EVEN MINE MULES FINISH LAST SHIFT TOGETHER AT COAL CITY

Miners with mine mules leaving mine after finishing last shift.

The miners at Coal City, Ill., didn't appear the least bit worried over the fact that they were about to enter upon the biggest coal strike in the history of the United States. For the most part the miners joked about the length of the strike and the chances they had of gaining their demands. There was no disorder. Sufficient pumper and other specialists were left on the job to keep the mines in good condition during the strike.

Mrs. William E. Clow, Jr., left; Miss Helen Morton Swift, right, and Miss Mary Rend, below.

These three young society women of Chicago have opened a studio on one of the floors in the tower of the Wrigley building which is to Chicago what the Woolworth is to New York. They are four hundred feet above Michigan Boulevard and can look over the city and the lake. Mrs. Clow is a writer, Miss Swift a sculptor and Miss Rend a painter.

Jess Guilford.

Jess Guilford, U. S. amateur golf champion of 1921, is planning to annex two championships this year if possible. He wants to defend his amateur crown and win the open tourney. Chick Evans turned the trick in 1916—which gives Guilford hope of doing it.

## 73 Convictions Secured in 79 Liquor Trials

BY MARY DOUBLEDAY  
Citizen II. S. Graduate

How the wheels of law enforcement machinery work in Wisconsin and the powers and duties of the various police and court officials were told by District Attorney Stanley G. Dunwiddie, speaking at the Rock county teachers' training school, Tuesday.

He told about the Rock county municipal court at Janesville and the Beloit municipal court, which have jurisdiction in all cases except murder. There have been only six or seven murder trials in Rock county in 12 years, he said.

Mr. Dunwiddie said that as the district attorney of Rock county he is the legal representative and advisor and that he could prosecute all criminal actions except assault and battery and abusive language. Parties concerned in the latter must engage their own lawyers, as the county does not pay the expenses for the many cases brought before the courts on these charges.

"There are two kinds of criminal actions," said Mr. Dunwiddie. "Those which are morally wrong and those which are themselves not morally wrong. The criminal actions are provided by law. Our fundamental laws have been almost entirely copied from those of England and it is because of this that our laws contain so many Latin words and phrases."

Outlining the different laws pertaining to the numerous things which he is called upon to prosecute for, for advice, Mr. Dunwiddie said there are 69 businesses in Wisconsin which one cannot engage without a license.

Since the prohibition act went into effect there have been 79 trials brought into the municipal courts in Rock county and 72 cases have concluded in conviction, he said.

He told about the two juvenile courts at Janesville and Beloit, which handle cases pertaining to the misconduct of boys and girls.

The process of sending a person to prison was told by the district attorney. He took for an example a forger. Without a jury the defendant is given a hearing and if there is sufficient evidence pointing to his guilt he is held for trial before a jury which determines whether he is or is not guilty.

## FAIRBANKS-MORSE PLANT ASSESSED AT ONLY 50 PCT.

(Continued from Page 1.)

both the Samson and Fairbanks plants, comparing the assessments. "Did you find in your investigation that there was a decided inequality in the assessments of the Samson and the Fairbanks plants?" questioned City Attorney Cunningham.

"Yes sir," replied the witness. "When asked if the acceptance of the compromise schedule would be fair to all tax districts, the witness paused a minute, then said:

"The city of Beloit would not lose anything by accepting it."

Questioned further as to the comparative assessments of the two industrial plants, Mr. Halbert explained, "The Samson plant is as-

## It Was Poison—Sure Enough

essed at its true value or very nearly so. The Beloit plant is substantially less than the Janesville plant."

The crowning blow The witness made a point-blank statement that the Fairbanks-Morse plant was assessed by Beloit at only about 50 percent of its true value.

The statement caused a ripple of surprise. The supervisors have heard for years about "down-trodden Beloit and its taxes." Speakers had always asserted Beloit was willing always to "take a fair share of the county's taxes—but desired to help the farmers."

W. J. Freeman was then called. He investigated the new foundry at Beloit and the equipment. "The Samson is assessed nearest to its true value. There is a decided

inequality between the two plants. I agree with the statement of Mr. Halbert. The Fairbanks plant is considerably under the 100 percent mark. I would say around 50 percent."

Estimates on May 1 Basis

C. E. Christensen, Beloit supervisor, questioned Freeman as to whether the figures were taken on a basis of what the Fairbanks property is now or was on May 1, the time of assessment. The witness explained:

"Very little of the foundry in its present state was considered. We based our figures as far as we could on the apparent condition of the plant as it was last May."

Just before testimony of the experts, Dr. C. W. Merriam, Beloit, arose to waive the tax statement prepared showing the difference in pay-

ments to announce that in accepting the local assessors' figures Beloit had penalized itself \$661. He was busy taking notes after the testimony about the Fairbanks.

Taylor Is Questioned

E. A. Taylor, supervisor, testified he believed the adjustment (fair under the circumstances) was the greatest difficulty in assessments in the factories. Dr. Merriam questioned the witness about Beloit's additional \$564 and Taylor cut short with the terse expression:

"In my judgment you did not pay enough."

Taylor was questioned as to methods employed in his office of obtaining equalized assessment figures, by a five year average.

John Lathers, Turtle supervisor, questioned the witness as to land

values in Turtle and Assessor Taylor declared:

"The town of Turtle has been notoriously low in its assessments."

The three were all the witnesses called and their evidence was merely for the records to substantiate the report of the county board for adjustment.

Lyons Condemns Plan

Determination of tax assessments by comparing sales was upheld by Chairman Thomas Lyons.

"Accepting local assessors' figures is not right," he said. "There is no common base of judgment and it is an improper method. The commission will go a long way to accepting the compromise if you agree."

It was explained that the state report showed Janesville to be assessed 20 per cent of its true value and Beloit only 51 per cent, according to the published figures accepted as evidence.

Objections may be taken, by Turtle township to the assessment schedule proposed in the compromise.

The jump in Janesville's assessments was explained to be from \$18,000,000 to \$20,000,000 in 1920 and then a reduction to \$23,000,000 in the local assessors' report because of the curbing of building and manufacturing at the Samson plant.

The common opinion among the supervisors is that a generous slice of the true value assessments has been carved off the city and pushed over on the townships and villages.

The appeal by the city of Janesville was ordered by Mayor Thomas G. Walsh, who attended the hearing. The case of the city was presented by City Attorney Cunningham who made plain that the issue was based almost entirely on the low assessments on industrial plants in Beloit, which resulted in the shifting of the burden on other districts and this time Janesville got hit to the extent of \$18,000 in taxes.

Here to Avoid Tangles.

The hearing had a decided effect on the county board. They see the entire county tax situation from a new angle.

There is considerable talk among the supervisors of requesting M. P. Richardson, Janesville, to resign as chairman from the board of equalization. Although the Janesville supervisor has held this chair for many years, the board seldom has been able to agree with a result of a majority and minority report.

Also the board talked as if the trouble was largely caused by the failure to have the assessment figures ready when the equalization committee was ready to consider the Taylor report. All in all, the supervisors are seeking a means of getting away from another tax angle.

The adjusted schedule cannot be put into effect to apply to taxes this year. Rather, if the compromise schedule is adopted by the tax commission, it will be applied in 1922 as a rebate to the districts benefited and an increase to those where it is increased.

Except for the item of cost, which would amount to more than the \$24,000 involved, the consensus of the supervisors is to allow the reassessment for a general "show-down" of the tax situation."

## Nash Leads the World in Motor Car Value

IT IS interesting to observe to what lengths Nash goes in painstaking shop practice, because it bears directly upon the quality that has earned Nash cars their nation-wide esteem.

To make certain that Nash cylinders are absolutely true, a stream of cold water is circulated through the water jackets as the barrels are machined. This prevents heat being generated by the operation of machining, and it is heat that expands the cylinder and causes the variations in size which distinguish inferior cylinders from Nash cylinders.

# Beloit District Cue Champ Eliminated from State Title

Copyright 1920 by Geo. McManus

## EXPECT ZANDERS TO TAKE SECOND PLACE WITH EASE

Madison—Fred Zanders, winner of the sixth district pocket billiard championship, part of which was played at Janesville, was eliminated from state title possibilities Thursday night. Zanders, Appleton, virtually clinched the championship when he completed a run of eight straight victories with but four games to go.

Zanders lost Thursday to Heber, 100 to 98. At the present he looks like the most likely man for second place. His sensational playing was a bit off in the Heber match but he is due to come back and go through the balance of the matches with victories.

## PLATTEVILLE MINERS BOOK MILTON AND FORT BALL TEAMS

Platteville—George Dobson, coach of the Wisconsin School of Mines, has practically completed the base-ball schedule for the season. The following games will be played:

Apr. 17, Champion college at Prairie du Chien; May 1, Columbia college at Dubuque, Ia.; May 10, Platteville Normal at Platteville; May 10, St. John's Military academy at Delafield; May 11, Milton college at Milton; May 13, Ft. Atkinson county league at Ft. Atkinson; May 16, Milton college at Platteville.

## BADGERS DEFEATED IN SOUTH, 6 TO 1

Starkville, Miss.—The Mississippi A. and M. school defeated Wisconsin university here Thursday, 6 to 1. The Badgers never had a chance, scoring their solitary run late. The Wisconsin hurlers, Hoffman and Pickford, yielded to the bats, but two costly errors abetted the southerners in their victory chase. Mitchell, pitching for the Dixie boys, allowed only four hits.

## ROD AND GUN CLUB FOR EVANSVILLE

Evansville—Organization of a rod and gun club will be started here April 20. Twenty-five enthusiasts met at the city hall Thursday night for a preliminary meeting.

## ROPER CHALLENGES LEWIS TO MATCH

Wichita, Kan.—Captain Bob Roper, heavyweight boxer, here for the wrestling match between Ed "Strangler" Lewis, champion, and Earl Ciddock, Iowa, challenged Lewis to a mixed wrestling and boxing bout. Lewis won the last 2 of 3 falls Thursday night.

## CONDONS OPEN AT WILLOWDALE SUNDAY

The first scheduled game of the season will take place Sunday when the Condons Transfers of this city go to Willowdale. The game starts at 2:30 p. m. Nelson and Utzig will work for the Transfers and Mooney will be on the mound for Willowdale. A dance will be held at the Transfers next Thursday at Terpethoran hall to provide funds for uniforms.

## WHITFORD, WESCOTT LEAD EDGERTON TEAMS

Edgerton—Claude Whitford has been elected 1922 football captain of Edgerton high school and Claudon Wescott basketball captain. Letters have been awarded basketball and football men.

## Busy Man's Sport Page

BY FRANK SINCLAIR

Otto Wallace, who met a sad fate at the hands of Mel Coccan in Janesville this season, suggests an elimination tournament for Wisconsin lightweights to be held in Milwaukee. Wallace is no slouch, but boxing is a game and such a thing probably would not sit very well with the promoters.

The tennis bug has bitten Milwaukee. There will be three to start open meets to increase the interest and make the sport one of more general popularity. Janesville is not lacking in this belief and some believe taken here will make the game increase the hold it got a year ago.

Ideals have commenced to grip Janesville. A year ago this time this would have been impossible. However, there is the other extreme. Efforts of some eastern colleges to abolish coaches are questionable. If a college finds it isn't the right man, let it get together. After all it is largely a matter of the human element.

Discussing boxing in Wisconsin with a fan the other day, he said: "Why is it that it is impossible to stage outdoor matches in this state? It is too hot. The other day the state law requires some on a 'building.' It might be wise to amend this provision for indoor boxing will not so on hot nights. Menhine other states are drawing the hots.

There is one thing about George Perrier that his ball-players always liked. He tries to beat them. He dropped into Rockford in the city and started talking Frankie Andrews as a possible member of the Rockford T.I. club. It wasn't just because Frankie comes from Marion, "Dad," but because he is a fellow who of what success he had has not been given out.

A start has been made for the formation of a Fox River high school athletic league. The start made in Southern Wisconsin through Coach Grandall of Milton college has spread. Found in Janesville, Wisconsin, are already actively interested. This step is a compliment to Grandall.

Note Evansville Writer.—An unsigned letter has been received from Evansville. It is the policy of the Gazette not to run letters of news without knowing the source of information. This does not mean the name must be published. Will this writer kindly reveal his identity to the Gazette.

Mouset of the Giants got his second homer in two days Thursday.

Babe Ruth will take morning practice with Giants.

Beloit college plays Northwestern Saturday.

Ohio State makes golf major sport.

St. Louis plans sport revival by uniting athletic clubs.

Light Talk.—"Bob" Fitzsimmons will meet Jack Reeves next week. Freddie Welsh, former world's champion lightweight, meets Archie Wolk in Brooklyn Saturday. Lou Talaber, wrestler, meets Mike Nestor at Chicago Friday. John Pessok, Chicago, may meet champion wrestler, Ed "Strangler" Lewis, this summer. Leo Leonard, brother of Champ Benny, now ready for matches. Tom Gibbons, St. Paul, matched against Harry Foley, St. Paul, in New Orleans May 1.

Michigan university defeated Birmingham, 10-7.

Amateur basketball leaders meet in New York Saturday.

"Paul" Riviere is a Milwaukee A. A. team hold out.

University of Virginia president says college athletics face crisis.

## May Organize Tennis League in Janesville

Discussion of ways and means of getting a third court at the Y. M. C. A. grounds, promised at the close of last year, was made at the first meeting of the year of tennis fans Thursday night. J. A. Steiner, general secretary, said although financial conditions were bad everything now will be done to put the courts in shape. He promised funds received through summer memberships would be used on tennis court work. Tennis enthusiasts not members of the Y. M. C. A. can help themselves and others interested by subscribing to a summer membership at \$5, and thereby help a fund to build the third court and buy new equipment. Twenty memberships will do it.

Work on putting the two present courts in shape will be started Saturday. Y. M. C. A. officials assured members of the club.

Formation of an industrial tennis league is being advocated and those interested are asked to get in touch with Sam McKelley, secretary, at the Merchants and Savings bank. This is something new for Janesville, but would stir up interest. In the game among the working men, who would play matches after working hours and on Saturdays.

The club dues will remain at \$1 a year. Because the courts are under the management of the Y. M. C. A. tennis club is naturally for the promotion of the game. Many cities with clubs charge \$10 a year or more for a season's privileges, so the opportunity for tennis in Janesville with \$5 for a summer membership, which allows one to play tennis all summer, is about half price.

## FOOTBALL STAR IS VICTOR FOR SHERIFF

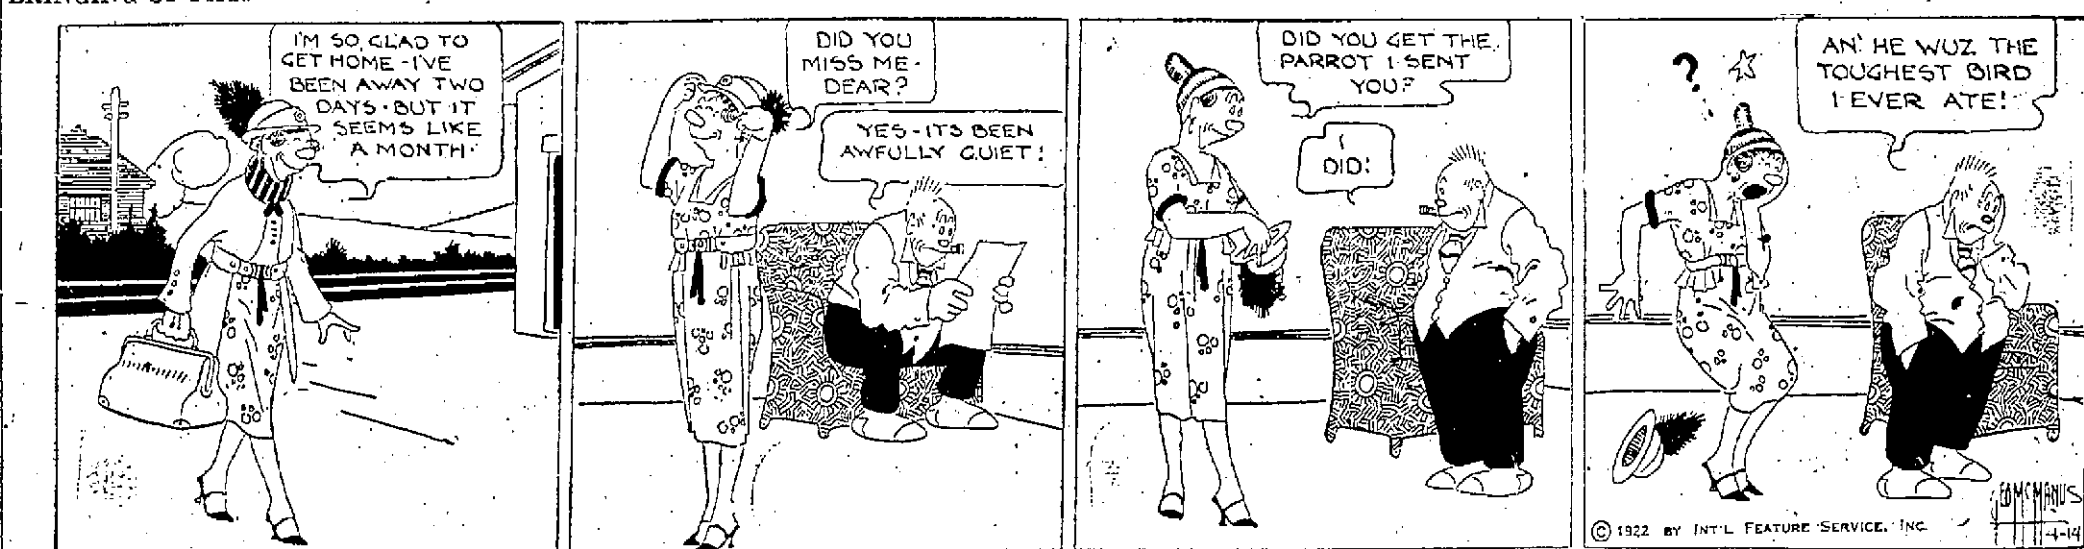

[By Associated Press.]

Aurora, Ill.—Elliott Risley, who delayed entering the race for the republican nomination for sheriff of Lee county until a few days before the primaries and then finished with more votes than his three opponents, was captain of the Indiana university football team in 1920. The republican nomination in Lee county is said to be equivalent to election. He is 24 years old.

## KNIPP TIGERS WIN

Knipp's Tigers defeated Henke's Indians at the school lot on Prairie avenue Wednesday afternoon, 19 to 10. Batteries: Dumphy and Pierson for the Indians; Knipp and Flood for the Tigers.

## Edgerton Track Starts Monday

(By Gazette Correspondent.)  
Edgerton—The local high school will have a track team this year, according to latest dope. Plans for the season were laid at a meeting Thursday night with "Doc" Lane, Virgil Larson was chosen student manager. There has been some opposition to track since the school will also have a baseball team. Track training starts Monday.

## ONE ARMED CUE CHAMP PERFORMS HERE ON FRIDAY

One-armed, and master of 30 fancy trick shots, Frank Burns, pocket billiard vander, will appear at the Black Cat parlors here Friday afternoon and night. He will perform at 8 and 10 p. m. It is his second showing here.

## Fraternal Ball Loop Possible

Steps are expected to be taken in Janesville next week to form a fraternal baseball league. The matter has already been broached by the Moose lodge which has appointed Burt Cutis chairman of a committee to organize a team in that order and to discuss with other lodges and clubs the possibility of forming a circuit and getting an early start. The American legion is also planning a team and the Knights of Columbus are expected to get into action in the near future.

## SCHWEGLER AVERAGES 196.5 WITH RIFLE

Dr. Emil Schwegler punctured the target for an average of 196.5 in this week's shooting of the Janesville Rifle club in the National Rifle club shoot. He scored 137 and 196 sitting, 187 and 189 sitting. Bill hit 197 prone. Frank Hamilton in practice hit 99 per cent and John Hamilton 96, both prone. Lewis French scored 95 prone.

## EXHIBITION TONIGHT at the Black Cat

## MOVE TO ENFORCE GRADE INSPECTION

Minnesota Corporation Is Fined: Cheese Dealers Are Prosecuted.

Madison — Wisconsin has a legal right, according to officials of the department of markets, to protect the reputation of Badger products by an inspection of their grade before shipment, so as to keep consumers in other states from being defrauded by misrepresentation of quality.

Judge William Foley of Superior on recommendation of District Attorney C. Strang, Grantburg, fined Rosander and company, a Minnesota corporation, \$250 for shipping 240 sacks of Badger potatoes to Minneapolis without the official tags showing the grade.

Complaints to the department by District Attorney George Harman at Janesville that cheese was shipped to Chicago without the states certificate of grade resulted Thursday in the subsection of five cheese dealers of Dodge county to criminal prosecution. The department counsel reports that sentences of imprisonment as well as fines will be urged in 20 potato prosecutions and a half dozen more criminal cases against cheese makers and dealers, brought in the spring terms of circuit courts.

It has been reported here that Chicago buyers have influenced Wisconsin cheese makers to ship their product to Chicago unbranded or misbranded, this ungraded cheese being pawned off as Wisconsin makers aiding in this practice will be given the limit of the law.

## 12 COLLEGE HEADS AT FRATERNITY MEET

Cleveland — Announcement that twelve college presidents and other leading educators of the country will attend the national convention of the United Chapters of Phi Beta Kappa fraternity here next September was made at the annual banquet of Western Reserve chapter. The Phi Beta Kappa is an honorary scholastic fraternity with ninety-three chapters in American colleges and universities. The Reserve chapter, oldest west of the Alleghenies, will celebrate its seventy-fifth anniversary at the convention.

## TWO JEWELRY SHOPS ROBBED IN CHICAGO

Chicago — Robbed Thursday held up two jewelry stores almost simultaneously and escaped with \$35,000 in money and jewelry. Five of the men entered the store of Otto Nera, covered him, his two daughters and three other employees and left after taking \$25,000 while in another part of the city three armed men took money and jewelry valued at \$10,000 from the store of Paul Cohn after binding the proprietor and forcing him into a rear room.

## May Close Crematories to Save Coal in Germany

Berlin — Germans are talking of abolishing crematories in order to save coal. Letter writers have been carrying on a campaign in the Berlin newspapers protesting against this method of disposing of the dead as a waste of fuel. In the Berlin district last year 4,762 bodies were cremated. A defender of cremation advocates doing away with cemeteries as a menace to the health of the people. He suggests that as Germany is short of farming land all these plots should be utilized for agricultural purposes.

Chautauks in Missouri must show two photographs of themselves with their driver's application.

## STABILIZER FOR BIG SHIPS IS TESTED AT WESTINGHOUSE PLANT

(BY ASSOCIATED PRESS.)

Philadelphia — A large gyro-stabilizer, designed to eliminate seasickness by preventing the rolling of ships, will be tested late Thursday at the plant of the Westinghouse Electric company.

Similar devices have been used on yachts and small ships, but the stabilizer at the Westinghouse plant, which weighs 120 tons, is designed for use on the largest ocean vessels. The stabilizer, which will be installed in the shipping board steamer Hawkeye State, operates on the principle of the common toy gyroscope. The theory of its operation is that, when a ship rolls, the stabilizer exerts force in the opposite direction, equalizing the motion. The wheel of the stabilizer has a revolution of turns a minute and the force is such that it is said to spin for 18 hours after the power is shut off.

It is said the stabilizer also can be used to roll a ship, thus being effective in moving stranded vessels from shoals. The action is controlled by small gyroscopes along the sides of the vessel. These register the direction of the roll and automatically start the large stabilizer wheel revolving in the direction necessary to counteract the motion of the ship.

## RAILROADS SHOW INCREASED EARNING

Revenues Less, but Operating Expenses Have Sharp Decrease.

Washington — Railroads in the United States—exclusive of short lines with less than \$1,000,000 in gross revenue—during February, 1922, earned, according to Interstate Commerce commission reports compiled by the Association of Railway Executives. This compares with an operating deficit of \$5,176,567 during the same month in 1921, and is represented as sufficient to indicate an annual return rate of 4.57 per cent on the value of property investment in transportation facilities.

Revenues from operations for the

## month amounted to \$161,328,000 or 1.3 per cent less than comparative receipts a year ago, but operating expenses amounted to \$234,125,000 which was 15.6 per cent less.

Instancing decreases in freight rates which have been made effective during the year, the association's statement said, that the roads handled during the month 11 per cent more traffic than they did a year ago, but found receipts less notwithstanding.

## Governors to Attend Debate on Oceanway

Chicago — Governors from all western states will be invited to attend the debate on the Great Lakes to the ocean waterways, May 23 before the Illinois Manufacturing association. Governor Miller of New York and Governor Miller of Kansas will be the debaters.

New issue of six months' 3 1/2 per cent treasury certificates is being absorbed so fast that over-subscription is predicted at treasury.

## SYNCOPTION TURNS OUT TO HAVE KICK--GALLONS 'N GALLONS

(BY ASSOCIATED PRESS.)

Philadelphia — Antics of the numerous patrons of a local music store convinced police that jazz music was having an unwarranted effect or that something other than phonographic syncoption was responsible. They investigated.

They conquered to the tune of 100 quarts of whiskey and gin, and 20 gallons of whiskey packed in instrument cases.

The owner, however, played a rapid tempo getaway.

America's foreign trade in March aggregated \$332,000,000, highest since October, 1921; imports totaled \$258,000,000, highest since December, 1920.

## HOLY THURSDAY OBSERVED AT CATHOLIC CHURCHES

Holy or Maundy Thursday was observed at St. Mary's church with holy communion at 6: 7: 1:30 and 8 a. m. Solemn high mass was celebrated at 9 a. m. with Rev. Charles M. Olson, celebrant, Rev. F. A. Finnegan, deacon, and Father Elenz, subdeacon.

Following the mass there was a procession with the blessed sacrament to the altar of the repository where the eucharist is kept until the morning of Holy Saturday. This procession was headed by the crucifier and two acolytes. Three little girls in white carried flower petals, strewn them in the path of the clergy and altar boys.

Then followed the denudation of the main altar symbolizing the bareness and gloom which prevailed over the earth at the crucifixion of Christ.

After the gloria in the mass on Maundy Thursday, the bells and organ in the church remain silent until Holy Saturday. Adoration of the sacrament

will continue throughout Thursday. Confessions will be heard from 3 to 4 p. m. Services will be held at 7:45 Thursday night. Father Elenz will preach on "The Ideal Character."

## CLEMENCEAU LAUGHS WITH FAMED SCULPTOR, ONCE JAILED BY HIM

(BY ASSOCIATED PRESS.)

Marietta — Former Premier Clemenceau, after unveiling of the statue of King Edward VII of England here the other day, requested to be introduced to the sculptor.

"You have real talent," the Tiger said. "Is any of your work in the public museums?"

"No," replied the artist, "but there is a bust made by me in the collection at La Sante prison. Owing to my extremist ideas it is the only museum my country ever opened for me. Here is a photograph of the work in question."

Clemenceau took the photograph, laughed aloud, slapped the sculptor

on the shoulder and said: "I suppose you were a pair of fools then."

The photograph represented a head of Clemenceau sticking on a spear. Maxime Real Del Sarte, the sculptor, was a militant royalist in his youth. He had become involved in some public manifestation and Clemenceau, then minister of the interior, had sent him to La Sante for six months.

## LEGION TO DECORATE GRAVES OF SOLDIERS

Indianapolis — Graves of American soldiers, sailors, and marines who died in the world war, will be visited on Memorial Day by comrades in the American Legion both at home and abroad, according to plans announced today at Legion national headquarters. Legion posts in every community in America will take charge of Memorial Day ceremonies and decorate the graves of all veterans, it was said.

# HANDY, JANESVILLE CRIPPLE, CALLS ON PRESIDENT HARDING

## GIVES DEMONSTRATION IN HIS HAND-OPERATED "FLIVVER"

### SEEKING PATENT

Youth With Withered Legs, Hopes to Sell Invention.

With the same smile, which has been his greatest asset in his life, Harry "Linn" Handy, 16, son of Mr. and Mrs. Harry Handy, 16 Arch street, and brother of Sgt. Charles Handy of the Janesville police force, on Wednesday shook hands with the president of the United States in front of the White House at Washington and was introduced to Mrs. Harding.

"Linn" Handy, as he is known here, a cripple, paralyzed from the waist down, has been waiting for several hours near the porte cochere of the executive mansion when President Harding returned from the ball park. Handy, looking up with a smile of expectancy when the president's car stopped, and President Harding came over to his car and shook hands when Harry introduced himself.

Handy sitting in his Ford, with withered legs doubled underneath him, showed President Harding how he had driven the car several thousand miles, since the Janesville Sept. 24, through a special act of Congress upon which he is securing a patent.

President Lauds Spirit  
"My boy," said the president, "you're a wonder. I think you're the original of that man, who hopelessly crippled used to read about other people's misfortunes and think himself lucky."

"I am that man, Mr. President," Handy replied, shaking hands with the first lady of the land, sped away.

The press of the world Thursday carried the news of this incident. Almost at once Mr. Handy was crippled, unable to use his legs, through a peculiar trouble, contraction of the muscles. Through many unsuccessful attempts to help his trouble and give him the use of legs, Handy has come out smiling.

He went to grade school until he was promoted to a grade on the second floor and was forced to go because he couldn't negotiate the stairs at that time, his mother said, Thursday. In going about the streets, he has used a little three-wheeled cart, with ballbearing wheels, his own idea and made by Ben Fisher.

Completed Art Course  
With the assistance of his mother, Handy completed a course in the Washington, D. C. School of Art. He is an artist and sign painter, as well as a skilled mechanic. His knowledge of machinery stood him in good stead when he gained an ambition to drive a car. He designed and made a set of levers to control the pedals ordinarily operated by a driver with his feet.

This completed he purchased a Ford about a year ago and left Janesville, Wis., last September to drive to Florida. He went 1,700 miles of the journey without a mishap when he had a puncture. He makes his own repairs.

He travelled all over Florida and his mother has a large number of clippings from newspapers there telling his remarkable story. He has always told that he was from Janesville, Wis., in introducing himself and is probably the best known Janesville tourist in the South. He is a member of the Tourists of America.

Being the most interest in Handy's auto levers in his trip through the South were cripples. He has a list of 200 or more who have made application for a set of his levers.

Encouraged, he left some weeks ago for Washington to see about his patent. The last word received from him in Janesville was from Winston-Salem, Mass.

Handy earns his living through sign painting and doing other painting work.

Mrs. Handy said Thursday that her son gets around the house with ease. He comes down the stairs head first, and with such lightning rapidity that one can't tell just how he does it. The upper part of his body is well developed and does double duty.

# Women Leaders at National Y. W. C. A. Convention

Miss Emily Gordon.

Miss Emily Gordon, of Wellesley college, will open the national student assembly, which is one of the groups attending in connection with the national convention of the Y. W. C. A. April 20-27 at Hot Springs, Ark. The student assembly is meeting for the first time as a regularly organized legislative body for student policies.

Mrs. Lewis B. Lapham.

Mrs. Lewis B. Lapham, former secretary of the national board of the Y. W. C. A., is now chairman of the world's service council of the United States. She will preside at the national convention of the Y. W. C. A. at Hot Springs, Ark.

Judge Florence E. Allen.

Judge Florence E. Allen of Cleveland, the first woman to sit on the bench of a common pleas court in the United States, is one of the prominent American women who have a place on the program of the national convention of the Y. W. C. A. to be held April 20-27 at Hot Springs, Ark. She will interpret the American angle of the "Business of Peace Between Nations."

Mrs. Frederick Mackay Paist.

Mrs. Frederick Mackay Paist of Philadelphia will formally open the national convention of the Y. W. C. A. at Hot Springs, Ark. Mrs. Paist is president of the convention and will preside until her successor is elected.

Mrs. Robert E. Speer.

Mrs. Robert E. Speer, wife of the well-known missionary and author, as president of the national board of the Y. W. C. A., will give a general resume of the work of the association covering the past two years at the opening session of the biennial convention to be held April 20-27 at Hot Springs, Ark.

will meet with Miss Marian Lamb Saturday afternoon.—Miss Virginia Taylor, Chicago, is visiting at the home of Mr. and Mrs. Henry Boon.—C. J. Wehler and daughter, Ruth, have returned from an extended trip to southern California.

## HANOVER

Hanover.—Miss Elva Jensen spent the week-end at her home here.—Captain Fred Walters, Salt Lake City, Utah, is visiting at the home of his brother, William Walters.—Miss Emma Guse was confirmed at Janesville last Sunday by the Rev. S. W. Fuchs.—Miss Vivian Bidwell, Janesville, visited relatives and friends here Wednesday.—The Ladies' Aid society of the White church, met with Mrs. Henry Brinkley Thursday afternoon.—Miss Helen Bergman returned to her home in Janesville Wednesday, after visiting Miss Emma Guse a few days.—Several from here attended the road meeting held in Janesville Wednesday.—William Ehringer was in Janesville Tuesday.—The supper and program given by the Ladies' Aid society of the White church Wednesday night was well attended.

RED HICKORY EFFICIENT  
Madison.—The red hickory stick is fully as strong and efficient as the white for which preference has been shown by amateur bow and arrow manufacturers and by woodchoppers. In the past, 500,000 tests just completed at the forest products laboratory here show, according to reports made Thursday.

FOOTVILLE  
Footville.—Miss Frances Howe is assisting at the Clark & Andrew store.—The Misses Dorothy Snyder, Valma Owen and Gladys Canary, and Stan, Foynter and Clarence Anderson, Janesville high school students, are spending the vacation at home.—Several members of the William Nat family, hosts of the village are ill with colds and the flu.—Mrs. and Mrs. Will Wells, Orfordville, returned home Wednesday, having spent a few days with their daughter, Mrs. Ruth Marlen.—Mrs. William Nat, Janesville, is caring for members of her son, William's family, who are ill.—Mr. and Mrs. J. K. Bemis went to Broadhead Wednesday to attend the funeral of an uncle of Mrs. Bemis.—The Catholic Ladies' Aid society will give a card party and dance in the hall Monday night.—Miss Laura Gember is visiting Mr. and Mrs. William Prebe.

FARMER LOSES HAND IN CORN SHREDDER  
Arthur J. Panikurst, an employe at the John Pickert farm, "Johnstown," had his right hand amputated at a place hospital Thursday afternoon, as a result of injuries received while operating a corn shredder. Mr. Panikurst and his wife live on the Pickert farm.

Automobiles, it is figured, travel 30,094,555,000 miles a year.

## Watch Repairing

## ALBION

(By Gazette Correspondent.)  
Albion.—Mesdames D. D. Emerson, Louis Palmer, Otto Krueger, and Willis Sullivan, and Miss Edna Emerson, spent Monday afternoon in Janesville.—A number of friends and relatives attended the funeral of Mrs. Bickie at Sumner Saturday.—Mrs. Lawrence Marsden and infant son, returned from Lockport and son, Richard, returned Sunday.—Mrs. C. S. Sayre was called to Battle Creek, Mich., on account of the serious illness of her father.—Edwin Morris called at the L. O. Palmer home Monday.—A "hobby" social will be held at the Otto Krueger home Saturday night.—L. O. Palmer delivered his tobacco crop Monday.—Dr. George E. Croesley and Mrs. Croesley called on the farmer's parents in the village Sunday.—Marjorie Bliven spent the week-end with her parents.—Miss Hannah Lindev spent Sunday with her sister, Mrs. Lawrence Marsden.—Miss Glenetta Williams entertained a college friend from Milton during the week-end.

## Suffrage Leaders in Business, Run Large Leather Factory

Mrs. Norman De R. Whitcomb, at desk, and Mrs. John Blair, inset.

New York.—Mrs. Norman De R. Whitcomb, former chairman of the New York State Women's Suffrage party, who in 1918 was sent to Switzerland by President Wilson, and published the story of her difficulties and successes in combating German influence under the title "A Year as a Government Agent," has given up political activities to go into business.

With Mrs. John Blair as vice president she will direct the Buchanan-Murphy Manufacturing Company, a leather goods factory. The name will be changed to Whitehouse Leather Products Company, Inc. Mrs. Whitcomb says:

"Business seems to me a most fundamental occupation than any other, and to bring one more into contact with the problems of the modern world—problems of purchase, labor, sale. My interest is entirely centered upon the usefulness of the article and my aim to do the work as well as possible and as a measure of success to make as much money as I can."

Sitting behind a tea-table in a room lighted by shaded candles and hung with beautiful old French prints and bits of tapestry, Mrs. Whitcomb told of her disorientation to a life of an idle life after the strenuous work of sponsoring the Susan B. Anthony amendment, and, as chairman of the New York state Women's Joint legislative committee, lobbying for the six women's bills which were

## ORFORDVILLE

Orfordville.—The dance at the Odd Fellows hall Wednesday night given under the auspices of the L. O. O. F. Dancing club was well attended. Music was furnished by Leaver's orchestra. Beloit.—A daughter was born Wednesday to Mr. and Mrs. Harry Golden.—Hans Sagon missed his footing and fell 15 feet while engaged in repairing a windmill on the Stone Strand farm, town of Newark, Wednesday. He was severely shaken up. Dr. S. W. Morbush went to Minneapolis Wednesday, where he will attend clinics for several days.

## YANK TO BE PATRON SAINT OF ARMENIA?

Constantinople.—A conventionalized figure of a young American has been proposed for adoption as a sort of patron saint for the new Armenian nation. The original suggestion to this effect was made in a poem written by the celebrated Armenian writer, Sebuh Stepanian, and published in the Armenian weekly, Shavite.

## SPEEDING COSTLY SPORT IN ST. LOUIS

St. Louis.—Speeding is the costliest ordinance violation indulged in by St. Louisans.

Starting at scratch, it costs \$1 per mile to speed here. The minimum fine for this offense is \$25 as the automobile has not broken the ordinance until he has "stepped on it" at the rate of 25 miles an hour. A two time offender is assessed double this rate, and a third offense carries a \$500 fine.

The auto speeder in St. Louis is

## USE OF SAWDUST IN ALCOHOL MAKING HELD IMPRACTICABLE

Madison.—Commercial utilization of sawdust is said by the forest products laboratory in a report Thursday to be made difficult by the small size of its particles and by the limited quantities of the material available without transportation, factors which are standing in the way of commercial utilization as well as restricting the mechanical uses.

## SALONIKI REFUGEE FOR REFUGEE HORDE

Saloniki.—Saloniki with its 100,000 population and its 69 minarets gives shelter to more refugees than any other city in the world. Crowded within its narrow and shattered walls are 40,000 Greek and Macedonian refugees, 20,000 exiles from Russia, and an uncounted number of fugitives from Armenia, the Caucasus and other oppressed countries.

## SPRING LAMB AT Geo. W. Yahn's Advertisement

Nearly 3 per cent of the people of the United States make their living from the automobile business.

## SIMPLE CURE FOR GOITER IS FOUND

[By Associated Press.]

Madison.—How goiter can be prevented, and simple forms of the disease cured, by an easy process involving the administration of iodine, is explained in a new bulletin of the state board of health. Copies are now available for free distribution to citizens of the state.

The immediate cause of goiter is now known to be a lack of iodine. Though the cure of exophthalmic goiter requires other treatment, demonstrations show that by the simple and inexpensive iodine treatment, goiter can be prevented.

"The method by which goiter may be prevented and also cured after it has made its appearance is so simple," it is explained, "that persons may regard it as inadequate." The Wisconsin state board of health recommends that goiter prophylaxis be carried out under the constant supervision of a reputable physician. It is this instruction is observed, there is less likelihood of outward results.

Roads for motor traffic should be waterproof to endure, say highway experts.

## ATTRACTIVE HOME LIFE HELD MEANS OF CURING CRIME

Joliet, Ill.—Home environment was declared the most potent factor in starting the life of a criminal by most of the ten convicts interviewed here Friday by the law enforcement committee of the American Bar association in its effort to obtain opinions of the criminals on the best method of curing crime.

"If home environment is not good," one convict said, "the youth is bound to seek comforts and pleasures elsewhere. Then he most often falls into bad company. With good home environment, the youth will generally avoid temptations."

The prisoners also suggested that first term offenders not be confined with hardened criminals.

Detroit has 20 foundries and two rolling mills supplying metals for automobiles made there.

Study the people you see on the streets every day. One-third of them are under weight and under nourished.

# Tired, worn out, inefficient: —and still in their youth!

"One hundred million people," says Herman N. Bundesen, M. D., Health Commissioner of Chicago, "are ready for health truths; ten million of these are sick and paying in many ways for their ignorance of health fundamentals."

Ten million sick people!

How many other millions there are—people we meet and see everywhere—who are not actually ill, but who nevertheless lack vitality and energy; people having little or no endurance.

What is the real cause of failing strength and endurance; premature old age?

## Medical scientists proclaim new truths

Leading physicians and physiological experts now know that many of these so-called minor ailments are directly and entirely due to foods deficient in certain vital elements!

Scientific investigation discloses two additional facts of vast importance to thinking men and women everywhere: (1) deficient food is an indirect cause of all diseases; (2) food rich in the necessary elements—food, not drugs—is destined to be the greatest medicine of the future.

## What makes many foods deficient?

The element in which many foods are deficient is vitamin, the newly recognized factor which is indispensable to health.

Deficiency of vitamin is caused by various food processes such as milling of grain; refining of sugar; heating to high temperatures; discarding of water in which foods

are boiled, and many other prevailing methods of food "preparation."

So, no matter what kind of food you eat or how much you eat, without vitamin you cannot be strong and energetic.

## Yeast Foam Tablets correct a widespread condition

In Yeast Foam Tablets—a pure food made entirely from whole yeast cells—vitamin B is found in abundance. Add this simple food accessory to your regular diet—note its remarkable corrective and tonic effect.

## A remarkable, natural tonic

Yeast Foam Tablets are extremely beneficial in such disorders as loss of appetite; indigestion; lack of physical strength and energy; anaemia; pimples, boils; nervous troubles and forms of ill health known as "run down" conditions.

## Why Yeast Foam Tablets are best

The only pure whole yeast in easy-to-take tablet form.

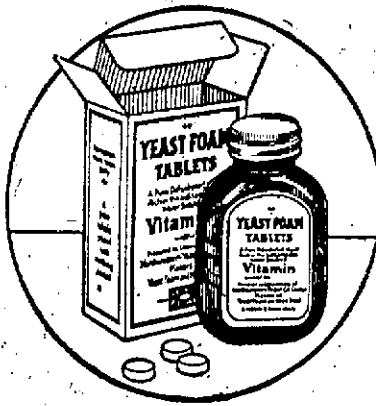

They contain no drugs or other ingredients.

They do not form gas nor cause belching.

They are the only pure whole yeast suitable for children; they do not cause fermentation.

Each lot is tested to insure high and uniform vitamin potency.

Northwestern Yeast Co., Chicago  
Makers of famous baking yeasts,  
Yeast Foam and Magic Yeast

Be sure to ask for this pure yeast by its full name. It is sold by all druggists.

Worn out, "all in"—at 3 P. M.!

Yeast Foam Tablets are guaranteed to be extremely rich in the energizing element which so many foods lack.

Perhaps you, too, sit down to your meals without any real appetite.

One of the first and most marked effects of Yeast Foam Tablets is to increase the appetite.

"You seem so radiant and happy, my dear."

"Oh, that's good health! I feel so wonderfully well since I have been eating Yeast Foam Tablets."

Leading medical scientists of six famous universities and hospitals helped us perfect Yeast Foam Tablets; their tonic properties have been proved.

in the red-head-white cattle. Rock  
county should have two full show  
herds of the Shorthorns—one of the  
building type and the other the Scotch  
type. Further than that it would not  
be difficult to select a prize winning  
herd of pure white Shorthorns, which

## Stomach Trouble Of 30 Years Stand- ing Was Ended When I Took

**TANLAC**  
It made a new man of  
me, declares J. E.  
Barker, 815 Miller St.,  
Petersburg, Va. When  
such remarkable testi-  
mony is heard on every  
hand there

can no longer be doubt about  
the merits of this wonderful  
medicine. Get a bottle to-  
day. At all good druggists.

## Kidney — Bladder Troubles HAVE TO GO

Clogged up kidney deposits are dis-  
solved and the toxins (poisons) are  
driven out. "Your very life,"  
says Dr. Carey, "depends upon the  
perfect functioning of your kidneys.  
If they fail, you are doomed. Back  
aches, headache, dizziness, and  
stomach trouble, are all signs of  
kidney trouble. Bladder troubles,  
cloudy urine, rheumatism, puffiness  
of the face, or any other tendency to  
Bright's Disease, Gravel, Kidney  
Trouble, in its worst form may be  
stealing upon you. Never mind the  
failure of the past, but insist upon  
having the best. One bottle of Dr.  
Carey's Marshmallow Prescription  
No. 777, (Liquid or Tablet form),  
People's Drug Co. and any  
notable drug store will supply you.  
Kidney and bladder troubles don't  
wear away, they will grow upon you  
slowly, stealthily and with un-  
failing certainty. Every good druggist  
has been authorized to refund purchase  
price on first bottle to all who state  
they have received no benefit."  
Advertisement.

## Just Like a Man

My husband suffered for several  
years with stomach trouble. He often  
had colic attacks that put him  
to bed. But a man can't stand the  
pains that a woman can. He thought  
he was going to die and the doctors  
didn't seem to help him any. Like a  
drowning man grasping for a straw  
he tried Mayr's Wonderful Remedy,  
which a nurse told us about, and  
now he is entirely well and has  
nothing. It is a simple, harmless  
preparation that removes the catarrh-  
mal mucus from the intestinal tract  
and allays the inflammation which  
causes practically all stomach, bilious  
and intestinal troubles, including  
appendicitis. One dose will convince  
or money refunded. Peoples Drug  
Co. & druggists everywhere.

## Getting Rid of a Stubborn Cough Is Child's Play Now

Make the Medicine Yourself at Home.  
It's Cheap—But You Can't Beat It.  
If you want to take care of that  
bad, hacking cough and do it in a few  
hours, better get one ounce of Par-  
m (double strength) and mix a half  
pint at home.  
You can do this in two minutes by  
adding a little sugar and enough wa-  
ter to fill a half pint bottle.  
You'll travel the world over before  
you get a medicine that will cure so  
surely and quickly on the mucous  
membrane of the nose and throat. It  
halts the inflammation, and the in-  
flammation stops with the first spoonful.  
The heavy breathing goes and clean  
membrane, free from irritation and  
mucus, follows.  
For Catarrhal conditions—such as  
mucus droppings, clogged nostrils and  
watery eyes, it is a double-strength  
eye-wash. For Earache (double strength). Speak  
plainly so that the druggist will know  
exactly what you want.

## FREE TO ASTHMA AND HAY FEVER SUFFERERS

Free Trial of a Method That Anyone  
Can Use Without Discomfort  
or Loss of Time.  
We have a method for the control  
of Asthma, and we want you to try  
it at our expense. No matter whether  
your case is of long standing or  
recent development, whether it is  
present as Chronic Asthma or Hay  
Fever, you should send for a Free  
Trial of our method. No matter in  
what climate you live, no matter  
what your age or occupation, if you  
are troubled with Asthma or Hay  
Fever, our method should relieve you  
promptly.  
We especially want to send it to  
those apparently hopeless cases,  
where all forms of inhalers, douches,  
vapors, preparations, fumigations,  
etc., have failed. We want to  
show everyone at our expense, that  
our method is designed to clear all  
difficult breathing, all wheezing, and  
all those terrible paroxysms.  
This free offer is too important to  
neglect a single day. Write now and  
begin the method at once. Send no  
money. Simply mail coupon below.  
—Today you don't even pay  
postage.

FREE TRIAL COUPON  
FRONTIER ASTHMA CO., Room  
710, Niagara and Hudson Sts.,  
Buffalo, N. Y. Send free trial of  
your method to:

paid by collecting 10 cents a unit on  
all live stock marketed, 5 cents to be  
collected from the seller and 5 cents  
from the buyer. Extensive research  
will be instituted to ascertain the  
truth about meat as human food.  
These facts will then be presented to  
the public. This program will be of  
special interest to the stockmen of  
the nation.

## Markets Department Forms Transport Co.

Madison—Active organization of the  
Wisconsin Agricultural Traffic asso-  
ciation, a co-operative enterprise, pro-  
posed to render service to all concerns  
having transportation problems, was  
announced by the state department  
of markets Thursday when applica-  
tions for membership in the associa-  
tion were sent to all interested par-  
ties in the state.  
It is proposed to establish six de-  
partments in the organization repre-  
senting close, fruits and vegetables,  
live stock, butter and eggs, ware-  
houses and elevators, and named  
roads, the traffic association to devote  
itself to handling the transportation  
problems of these departments.  
Under the plan accepted following  
meetings held by the department of  
markets during the past few months,  
a traffic expert will be employed to do  
the active organizing and secure set-  
tlement of the problems of the asso-  
ciation.

## Wisconsin No. 7 Is Favored in Oats

After every mild winter we are usu-  
ally bothered with badly rusted  
grain. This is due to the fact that  
through a mild winter there is a  
great deal of moisture in the grain.  
These spores multiply rapidly, go-  
ing through their life cycle in a  
very few days, preying on the green  
stems and leaves of grain until they  
finally kill the plant—unless it ripens  
off before death.  
Light grain is due to premature  
death of the plant and lack of nour-  
ishment during growth.  
There is no known method of nu-  
tritionally treating grain for rust.  
The only effective remedy is to grow  
early maturing varieties of grain.  
Rye and winter wheat seldom if ever  
rust sufficiently to reduce the yield  
of grain. All growing grain is how-  
ever, subject to the disease. Soft  
strawed varieties of grain suffer more  
than do hard strawed varieties. Prof.  
R. A. Moore of our state experiment  
station has developed one variety of  
early maturing rye which has failed  
to produce a fair crop of quality oats,  
even in our worst seasons. This is  
known as Wisconsin No. 7, a very  
early yellow oats, hard soft straw,  
which prevents lodging and in our  
richest soil. This is also the best

## FORT ATKINSON

Fort Atkinson—Good Friday will  
be observed at the Congregational  
church with a longer cantata, "Our  
Living Lord," by the choir at the  
evening service. Mrs. Louise Bach,  
pastor's assistant, will give a short  
address.  
On Thursday night the first regular  
meeting of those who are to take

home in Wales Wednesday after

spending the winter at the home of  
Daniel Rees. Miss Priscilla Rees ac-  
companied her.  
Mrs. A. Seitz was in Milwaukee  
Wednesday.  
Mrs. G. Fennholz and Mrs. Olive  
Purzel were Milwaukee visitors Wed-  
nesday.  
Mrs. Herman Rees spent Wednesday  
in Watertown.  
Albert Fehrmann, Sioux City, Ia., is  
visiting his parents, Mr. and Mrs. E.  
Fehrmann.

## BRIEFS BY WIRE

Washington — The agriculture  
appropriation bill, carrying \$37-  
250,000, or about a million and a  
half more than was raised by the  
house, was passed in the senate af-  
ter it had reversed itself and re-  
stored free seeds for another year.  
Washington — Attorney General  
Daugherty announced the govern-  
ment will "proceed in an orderly  
way to file and press the payment  
of the claim of the war department

against the Lincoln Motors com-  
pany of Detroit for approximately  
\$9,115,000 on aviation contracts.  
Topeka, Kan. — A dog, digging  
frantically at a pile of dirt, led to  
the discovery of the bodies of three  
boy scouts buried by a cave in.  
New York — The Wilson mes-  
sage, read at a Jefferson dinner last  
Saturday, was republished by the  
ex-president in a letter to the New  
York Times.

## CIVIL WAR VETERAN VISITOR IN CITY

J. P. Abbe, Prairie du Chien, Wis.,  
visited his friends in Janesville, Fri-  
day, enroute to his home after spend-  
ing the winter in Vicksburg. He was  
in the Civil War in the Fourth Iowa  
infantry and served throughout, be-  
ing wounded at Chickasaw, with  
Sherman's first attack on Vicksburg.  
Mr. Abbe was a resident in Janes-  
ville about 25 years ago and was  
later engaged in pearl fishing at  
Prairie du Chien, where he now lives  
during the summer. He stops here  
annually on his way home.

## CALL OFF CABINET MEETING

Washington—President Harding  
and members of his cabinet Friday  
dispensed with the Friday cabinet  
meeting in deference to Good Friday.  
The president, however, met the  
newspaper correspondents as usual.

spending the winter at the home of  
Daniel Rees. Miss Priscilla Rees ac-  
companied her.  
Mrs. A. Seitz was in Milwaukee  
Wednesday.  
Mrs. G. Fennholz and Mrs. Olive  
Purzel were Milwaukee visitors Wed-  
nesday.  
Mrs. Herman Rees spent Wednesday  
in Watertown.  
Albert Fehrmann, Sioux City, Ia., is  
visiting his parents, Mr. and Mrs. E.  
Fehrmann.

## THE HOPE OF THE WORLD

The war of 1914 laid half the na-  
tions of the world in the dust. Their  
homes, their industries, their peace  
must be restored by the rising gen-  
eration. In them is the hope of the  
world.  
To make motherhood easier, to  
secure for every baby a clean bill of  
health and a fair start in life—that  
is the problem.  
Lydia E. Pinkham's Vegetable  
Compound is an excellent medicine  
for mothers and for future mothers.  
For fifty years this medicine has  
been used successfully in all non-  
surgical cases of women's diseases.

## WIFE SAYS IT'S UNBELIEVABLE HOW TRUTONA'S IMPROVED HIS HEAD— Suffered from Stomach Troubles and After-Effects of Flu.

"My husband had suffered from  
stomach troubles several years, also  
complaining of no strength since  
having a slight attack of influenza  
this winter, and I'll tell you, it's un-  
believable how this medicine Trutona  
has improved him," says Mrs. H. L.  
Kern, 824 Tonka street, Appleton,  
Wis., told the Trutona, Export last  
week.  
"My husband had been on the road  
for years, eating at so many differ-  
ent hotels and restaurants," she con-  
tinued, "with the result that in late  
years he had suffered from stomach  
troubles. He complained of gas  
formations after eating only a few  
bites and would often swell up and  
bloat badly. He said he was actually  
afraid to eat much. To be brief, Mr.  
Kern was down and out in health  
when he began using Trutona. Now  
however, he tells me that his stom-

ach hasn't acted so nicely in years as  
it has since he's taken Trutona. I've  
never seen him eat so heartily as he  
does now. He says Trutona's regu-  
lated his bowels and really made him  
feel well enough to go back on the  
road again. Mr. Kern remarked  
yesterday that Trutona is beyond  
all doubt the finest medicine he has  
ever taken."

Trutona has done for hundreds of  
Janesville people just what it did for  
this well-known Appleton man. Un-  
der the name of Trutona nine months ago,  
today Trutona is recognized in hun-  
dreds of local homes as a medicine  
of exceptional merit—one that is far  
above the average proprietary rem-  
edy of today. You need a Spring  
Tonic NOW. Trutona is the BEST,  
say hundreds of your friends and  
neighbors. It is sold and highly rec-  
ommended at the PEOPLE'S DRUG  
STORE, in Evansville, Pioneer Drug  
store, Edgerton, Atwell-Dallman's,  
Milton, Stewart's and all good drug-  
gists in surrounding towns.

# Every Farm Owner's Name And Size of His Farm in the NEW ROCK COUNTY ATLAS —AND PLAT BOOK— FOR 1922

The Hixson Atlas and Plat book of Rock County con-  
tains aside from a full map of the county, a township  
map, giving all the details of same. Farm owner's name,  
number of acres, the highways, streams, railroads, cit-  
ies, towns, villages, location of cemeteries, churches,  
schools, and makes an interesting contribution to the  
geographical information of the county.

Much time was expended in the preparation of this ma-  
terial and a great amount of expense was necessary to  
bring together the facts and figures, names, etc., and  
when the regular plat book of the county is published  
and distributed, a price of fifteen dollars is necessary to  
cover the expense.

The complete plat book which the Gazette has purchased  
the principal right for distribution in the county is 10 1/2 x  
8 1/2 inches and is handy for quick reference and can be  
carried in an automobile and is sold at the price of

**ONE DOLLAR**

It can be obtained free with a new year's subscription  
paid in advance or a renewal of one year to the Gazette,  
no matter where your subscription is paid to.  
Those desiring to purchase the book can do so at the  
price of one dollar with the coupon on page 15.  
Sent by mail anywhere at the price.

as may properly come before said meeting.

Dated, Madison, Wisconsin, this 13th day of April, A. D. 1922.

Witness my hand and seal of said court.

pleted, which contains names of farm owners, size of farms and all geographical information. The atlas is free with one year paid in advance, new subscription or renewal.

## DRIVERS! CAN YOU MAKE THIS HILL?

Garfield Avenue, off Racine, Steepest in City—Second Street Second.

Settlement of a long popular argument was seen Friday in figures given out by City Engineer C. V. Korch showing that the south side of Garfield Avenue hill, between Oakland Avenue and Racine street, is the steepest of any in the city of which the engineering department has measurements.

Next in line of steep hills comes South Second street, while St. Lawrence Avenue is a close third, with Carrington street fourth.

The grade on south Garfield Avenue is what is known in engineering terms as 13 per cent; that is, there is a rise of 13 feet to every 100 feet. The grade of South Second street is 12.5 per cent, while that of St. Lawrence Avenue is 11.75. On both of these hills the second block is steeper than the first.

The second block of Carrington street has a grade of 11 per cent, while that of Wheeler street is 10. "A 10 per cent grade is generally considered steep in most cities," said Mr. Korch.

The general grade of Fourth Avenue hill is only 8.5 per cent.

## COX IN FIGHT FOR LEADERSHIP OF THE DEMOCRATS

(Continued from Page 1.) come up to direct attention from the record of this congress.

But the truth is even Mr. Cox has not begun to shape the league issue in the form in which, politically speaking, it would be most advantageous for the democrats to handle it.

To argue merely for the entry of the United States into the league of nations says nothing particularly new and permits the republicans to repeat their contention of European entanglement. But there is another phase of the greater question of international co-operation which is bound to be embarrassing to the republicans themselves, and the democrats, especially Mr. Cox, are shrewd enough to know the vulnerable spot in republican armor.

Senator McCumber, chairman of the all-important senate finance committee, and entitled to be considered as a republican leader, has himself handed the issue to the democrats. He has asked "What has become of the association of nations promised by Mr. Harding?"

While the league covenant was rejected by Mr. Harding, he offered a substitute—association of nations. Pro-league republicans, including Secretaries Hughes and Hoover, joined in the campaign statement that a vote for Mr. Harding means a vote for an association of nations. This means an occasional

conference of powers who shall make treaties between them. The four power treaty is one of them. Nothing, however, has been done in conference with European powers with reference to economic matters, and the democrats, of whom many helped to ratify the four power pact, will insist that an entanglement ever in the Pacific seven thousand miles away is a good precedent for similar engagements three thousand miles across the Atlantic.

Since the 1920 campaign, many things have happened pointing to the need of international cooperation. Mr. Cox will continue to urge entrance into the league of nations was the right formula. Others will say America should have attended the Genoa economic conference, and on top of all this President Harding is getting ready to join the reparations commission and to have America participate in a trade and economic conference to be summoned after Genoa. The original "irreconcilable" group will resist these steps. If Mr. Harding follows their will, the campaign of 1924 will undoubtedly see the issue of international cooperation brought to the fore. If Mr. Harding by 1924 has brought the United States into the councils of world powers and has gotten results, his defenders will insist that he has accomplished as much if not more than by a rigid formula such as the league covenant provided.

The significant thing is that Gov. Cox's campaign for international cooperation has been begun two years in advance of the next presidential campaign. No less a person than Senator Borah says sentiment among the republicans has grown in favor of entering the league of nations and the accused Secretaries Hughes and Hoover of working still toward that

## STATE GETS BILL FOR SHEEP BOUGHT DURING REVOLUTION

Harrisburg, Pa.—The commonwealth of Pennsylvania Friday was presented with a bill for one hundred pounds sterling for two head of sheep purchased for the use of the American revolutionary army under what is termed the "army act of June 1, 1870." The bill was sent to Attorney General George E. Altier by Oliver Fayle, of Philadelphia, with a request that he be informed whether it was collectible. The copy received here shows it was a note executed July 2, 1870 by David Davis, commissary of purchases. It was dated at Reading, Pa., and drawn in favor of Samuel Boone, Mr. Fayle estimates that the value of the note Friday in American money is about \$266.

State record officers said they had no record of such a note, and that if it was valid, a record probably would be found at Washington.

Attorney General Altier holds that he cannot advise private individuals on such matters, but only officers of the state government.

## ROBERT RINGLING QUILTS CIRCUS FOR OPERATIC CAREER

New York.—Robert Ringling, whose father and uncle picked the "Big Top" of the circus as the path to wealth and fame, has forewarned the jay birds and the sawdust ring for an operatic career.

The youthful sole heir to the Ringling multi-millions announced Thursday that he had signed a two-year contract for concert, operatic and photographic work under R. E. Johnson, manager for Tetrazzini and Tito Stabile. He appeared at Tampa, Fla., last February for seven weeks with the Irvie Opera company.

Critics look on the attainments of "Young Bob" as extraordinary. When 11 years old, he was seriously injured in a football game at the former Ringling home in Daraboo, Wis. For four years he was a helpless cripple until, by breaking both his legs and encasing his body in a plaster cast, surgeons made him whole again. Since then he has built up his body at golf, handball and motor boating. He is 26 years old.

If one has a fad or a unique style idea Palm Beach is a pretty good place to launch it, for casting the thing on which the south has set its seal of approval. Ac-tual accessories, having won their popularity there, will scatter broad-cast at the end of the season, and east, west and north will be wear-ing the thing on which the south has set its seal of approval. Ac-cording to the latest word from dances held at Palm Beach, the girldie and the scarf are the popu-lar fads of the moment. The two black scarfs and the twisted girldie show: here are good proof of it.

# REHBERG'S

## MEN'S AND YOUNG MEN'S SUITS

Novel new ideas in Men's wear that are making an instant hit, this season. Easter styles that make a strong appeal to all good dressers. Including the sport models in the new herringbone and checks both dark and light effects.

**\$25 \$35 \$45**

The famous Hirsh-Wickwire and L. System Suits at \$40 and \$45.
